## MINISTER SCORES NEW PARTY HEAD

"Political Mountebank" Manner in Which Hon. T. D. Pattullo Describes General A. D. McRae

## DEFENDS REGIME OF ADMINISTRATION

Asserts That Electors at Next Contest Will Express Confidence in Present Administration—Speaks in Debate

THAT General A. D. McRae, head of the so-called Third Party in this Province, "is nothing more or less than a political mountebank," was the assertion of Hon. T. D. Pattullo, Minister of Lands, in the Legislature yesterday afternoon in contributing his effort to the debate on the Address in reply to the Speech from the Throne.

The minister devoted a considerable portion of his speech to slating the head of the new party, taking as his text statements appearing in a recent number of The Searchlight purporting to be excerpts from a recent speech by General McRae at Vancouver, and in which the latter had some unkind things to say of the minister and his administration of the Department of Lands.

Hon. Mr. Pattullo asserted the lumber industry today is more prosperous than ever, and he referred to the activities of the Government in doing everything possible to assist the lumber interests to secure export markets without which, he held, the industry could not thrive. He referred to the efforts of some to make it appear that the Government is in error in allowing the exportation of unmanufactured lumber to the States where it is manufactured to the detriment of home interests. He declared that only a comparatively small quantity of such lumber is being exported that can come under Government regulation, the great bulk of it being from Crown-granted timber lands, and in that case the Government is quite without authority to prohibit export. Those individuals who were working up this agitation, he averred, either did not know what they were talking about or had ulterior motives.

## BAVARIAN DICTATOR'S OFFICE ENTRENCHED

Building Approaches Blocked With Wire Entanglements and Troops Bivouac in Basement

MUNICH, Nov. 15.—The Bavarian dictator, von Kahr, with General von Lossow and Colonel Seisler, has been lodging in one of the infantry barracks since the Ludendorff-Hitler putsch, today transferred his offices to the Government Building. The approaches to the building are blocked with barbed wire entanglements and patrolled by sentinels. Troops are bivouacked in the court basement.

von Kahr ordered displayed the old German flag of the German republic, which is black, red and gold. The order is interpreted by some as indicating that the dictator is making small confidence in the Berlin government. Thirteen of those killed Friday last in the fighting which marked the suppression of the nationalist putsch were buried today.

Ludendorff Tired and Sati General Ludendorff, in full uniform, attended the cremation of the body of von Kahr, the entangled victim, at the cemetery of Ostrfriedhof today. Speaking with feeling, Ludendorff said, in part:

"Those that have fallen are not the last who will die for the German people's movement."  
 Captain Eberhardt, of Kapp putsch fame, who has taken the position of commander of the German fighting units (Deutsche Kampfbund), and his principal officers, placed their right hands on the coffin before it was moved into the furnace and swore that they would devote their lives to the German people's movement, repeating their oath in unison and in solemn tones.

Ludendorff was widely acclaimed by the crowds, which were held back by police lines, and gravely saluted in response. He looked rather old, tired and sad.

## Alluring Prospects Of Siberian Trade Impress Japanese

TOKYO, Nov. 15.—The cabinet is being pressed again by business interests to resume negotiations with Russia, looking toward a resumption of trade, and possibly, diplomatic relations between that country and Japan.  
 The pressure is being brought in the belief that valuable concessions in Siberia are obtainable by Japan, and that opportunities for trade are unusually bright at this time. The government, it is believed, is likely to yield to the pressure as proposals for an understanding with the Soviet Government appeared brighter at the previous conference concluded last summer.

## Extension of British Passports

LONDON, Nov. 15.—In the House of Commons today, Ronald McNell, Under Secretary for Foreign Affairs, said the British government had invited the governments of the Dominions to concur in the extension of the validity of the British passport to five years.

## FRENCH WOMAN DEFIES DEATH IN PARACHUTE

PARIS, Nov. 15.—Mlle. Denyse Collin brought confusion among the ranks of aviation experts yesterday when she landed successfully from an airplane flying more than 100 miles an hour with the aid of a parachute weighing only twelve pounds.

"These little parachutes are highly dangerous," said the experts. "The mere shock of the cord when they unfold, 1,500 pounds, enough to kill any human being."

## CHANCELLOR FINDS CRISIS IMPOSSIBLE

GERMAN LEADER FACES WITH DEFEAT IN REICHSTAG

Situation as to Government's Stand in Ruhr and Rhineland Questions Still Remains Obscure

BERLIN, Nov. 15.—The Rhineland and the Ruhr and the numerous internal and foreign issues interlocked with them, together with the immediate economic and political future of Germany, now constitute the outstanding problems confronting the government of Chancellor Stresemann. Although the Reichstag at present is not in session, and Berlin still is without its regular complement of news, political circles confidently predict that the Stresemann cabinet will not be able to survive the parliamentary attacks awaiting it from the German Nationalists and the Socialist parties.

A casual survey of the party lineup suggests that if Chancellor Stresemann attempts to force a vote of confidence when the Reichstag convenes, he will meet with withering defeat, as the only tangible support vouchsafed him in the present situation accrues from the Clericals and Democrats and the whole disorganized peoples parties.

## Will Anticipate Defeat

Under these conditions there seems to be a strong probability that the Chancellor will refuse to go before the Reichstag with his "rummy" government and will anticipate defeat, rather by resigning or forcing a dissolution of the Reichstag and continuing in office at the head of a non-parliamentary government comprising a semi-dictatorial directorate.

The situation with regard to the government's decisions concerning the Ruhr and the Rhineland remains wholly obscure tonight, although inspired official bulletins and utterances continue to make emphatic declarations of the government's intention to withdraw money subsidies and unemployment doles, permitting the situation in the occupied zones to lapse into an informal "industrial and economic autonomy."

## To Foll France's Plans

Stresemann's new Minister of the Interior, Herr Jarres, the former military lord mayor of Duisburg, is viewed as the protector of this policy, which he considers to be inevitable under indefinite Franco-Belgian occupation and the adoption of which he believes would constitute a foil to France's Rhineland policies. Chancellor Stresemann will go before the Reichstag committee on Thursday for the purpose of discussing the negotiations now going on with the Ruhr and Rhineland leaders. He will inform the parliamentarians that the government is no longer capable of "mothering" the occupying areas, and that a resumption of reparations by Germany is out of the question as long as the Ruhr and the Rhineland are removed from German jurisdiction, and that an amicable working agreement with the industrialists and Germany's local administrative organization.

## COUNSEL COLLAPSES IN VANCOUVER COURT

Mr. J. A. Russell Taken Suddenly Ill During Liquor Trial and Case Is Postponed

VANCOUVER, Nov. 15.—Because J. A. Russell, counsel for the defence, suffered a collapse today, and Alex Henderson, K.C., prosecuting attorney, asked for an adjournment until the case, the trial of George C. McLeod, former supervisor of the enforcement of the Liquor Act for British Columbia, charged with attempted extortion, was postponed until Friday.

Reginald Dodson, colored, gave evidence yesterday that McLeod had threatened to prosecute Dodson for having unsealed liquor in his possession at the Lincoln Club, and asked \$15 for the price of his silence. Later Dodson said he gave McLeod \$15 in marked bills. City police, according to the evidence, arrested McLeod and found the marked money on him.

## Manitoba Not Keen For Immigration

OTTAWA, Nov. 15.—Manitoba is not so very anxious for a great influx of immigration at this time. R. H. Hoey, M.P. for Springfield, told delegates attending the immigration conference this evening.

He explained that Winnipeg feared it would be called upon to help unemployed men without financial assistance from those sources.

## UNABLE TO REACH ACCORD

PARIS, Nov. 15.—The Allied Council of Ambassadors, which readily reached an agreement to send a warning to Berlin respecting the ex-Crown Prince before he returned to Germany, seems unable to reach accord as to action now that Frederick William has arrived in the Fatherland. The council adjourned until Saturday morning, after lengthy discussion today with the understanding the members would seek instructions from their governments in the interim.

## DISPUTE ENDS CONFERENCE

Status of Hindus in South Africa Leads to Controversy Between Gen. Smuts and Chief Indian Delegate

## SURPRISE EXPRESSED AT SIR SAPRU'S ATTACK

In Interview on Departure the Latter Regrets Failure to Reach an Understanding on Question

LONDON, Nov. 15.—The close of the Imperial Conference is marked by an acrimonious controversy between Sir Taj Bahadur Sapru, the chief Indian delegate, and Premier Smuts, of the South African Union. When interviewed by Reuters on the eve of his departure for India, Sir Taj commented on his failure to reach an understanding with Premier Smuts on the subject of the status of Indians in South Africa, and declared that he had heaped insult on the Government of India and by his attitude of obstinacy had harmed the Empire of which he posed as a champion.

In an interview tonight, Premier Smuts expressed surprise and regret at Sapru's attack, which, he feared, would do the cause of India a great disservice. He added that a difficult cause was unlikely to be made easier by vehement attacks on the representatives of other nations. The Dominions were represented at the Imperial Conference by gentlemen who were vested with full responsibility. Sir Taj, who was not even an ordinary member of the Government of India, had departed from the etiquette which all other representatives of the conference had observed toward each other.

Premier Smuts repudiated the "judicious charges" that he had heaped insult on the Government of India.

## BOY PUBLISHER IS IN TROUBLE

ADVISERS DESERT MR. CORNELIUS VANDERBILT JR. Competing Newspapers Aim His Policies When He Attempts to Enter San Francisco Field

Mr. Cornelius Vanderbilt Jr., expected to return to his home at Sausalito this fall, but he has found the task of starting daily newspapers in the highly competitive fields of Los Angeles and San Francisco such a strenuous one that he may have to indefinitely postpone his visit.

The "boy publisher" created a sensation in Los Angeles when he put his Illustrated Daily News on the streets last Spring, and the circulation list of over 125,000. His paper was a tabloid, running an abundance of pictures and modelled along the lines of the San Francisco Chronicle and the New York Daily News, started two or three years ago by the Chicago Tribune Company and now holding a great reputation in San Francisco.

But now Mr. Vanderbilt has been plunged into a sensation of a different kind, for Mr. Lawrence of the Journal of Commerce, issued a comparatively recent entry into San Francisco's newspaper field, has started a vigorous assault on the boy publisher and his methods. Stories emanating from the California city indicate that Mr. Vanderbilt will be far too busy protecting his interests in that city to propose a holiday trip to his "fanciful island home."

Says The Journal of Commerce under date of November 3:

"Despite the politely veiled hints that the Vanderbilt millions were behind the attempt of young Cornelius Vanderbilt to establish The Illustrated Daily News in this city, speculation is rife in local business circles that the paper, which began publication here on September 3, is financially ailing on this line and that the reported millions are not forthcoming. The establishment of the tabloid in this city, long famous as a fertile field for high-pressure stock salesmanship and get-rich-quick propositions, has been marked by many procedures, which from time to time have attracted the scrutiny and reprimands of the state corporation commission."

The Journal of Commerce is also attacking Mr. Walter M. Harvey, legal associate of Mr. Vanderbilt, who is said to have been disbarred from practicing in the State of Washington. Several of Mr. Vanderbilt's other advisers and executives have deserted him, including Mr. C. C. Slingham, his general manager, who accompanied him on his last visit to Victoria. Mr. Slingham is said to be the man who negotiated the sale of Mr. Vanderbilt's feature articles to the Hearst papers some months ago.

## AIR PILOT RAPE

ROCK SPRING, Wyo., Nov. 15.—Air Pilot Robert Ellis, reported lost, is safe in this city. Fog forced him to discontinue his trip from Rawlins to Salt Lake City after landing near here.

## For Provincial Federation

NELSON, Nov. 15.—Kootenay-Boundary Central Women's Institute, in convention here, declared today for the scheme of Provincial federation. Mrs. M. E. Ligne, of Creston, was elected Provincial advisory board member.

## Empire Leaders in an Informal Mood

A Photographer at the Imperial Conference Caught Premier Mackenzie King, Hon. G. P. Baldwin, The Conference Is Over Now, Premier King and Premier Bruce, of Australia, Will Be in Canada in a Few Days.

## CARGO SHIP HITS PRINCESS ALICE

Ruth and Canadian Pacific Steamer in Collision Last Night Off Marrowstone Point—Alice Suffers Little Injury—American Vessel Puts Into Port Townsend With Stem and Port Bow Damaged—Accident Occurs in Thick Fog

THE Canadian Pacific steamer Princess Alice and the American steamer Ruth collided in thick fog at 7:30 o'clock last night off Marrowstone Point, at the entrance to Puget Sound. Reports of the accident were picked up here by the Gonzales Hill wireless station immediately.

The Alice, on the afternoon run from Victoria to Seattle, was only slightly damaged and proceeded, after standing by for a time, to Seattle. She reported that her starboard freight gangway was damaged above the main deck.

The Ruth had her stem and port bow damaged and put into Port Townsend to ascertain the extent of her injuries. She was bound from Seattle to San Francisco with a cargo of lumber. From the nature of the damage, it appeared that it was the Ruth which struck the bow.

The Alice was late reaching Seattle, but sailed later during the night for Vancouver on her regular run. She is due here from Vancouver this afternoon at three o'clock. She is commanded by Captain T. O. Griffin. Marrowstone Point, a stone's throw from Port Townsend, has been the scene of frequent collisions. It has a bad record for fog. It was off Marrowstone Point that the Pacific Steamship Company's steamer Governor was rammed by the U.S. Shipping Board freighter West Hartland three years ago. The Governor sank in a year ago. The Governor sank in a year ago. The Governor sank in a year ago.

The Princess Alice has figured in two accidents since her arrival off the coast of Seattle. The first was when she had all the ill luck. Last Winter she went ashore during the great February snowstorm, suffering extensive damage.

## FISCAL CRISIS AFFECTS CANADA

HON. ARTHUR MEIGHEN SHOWS INCIDENCE OF PREFERENCE Adoption of Premier Baldwin's Scheme Would Benefit Dominion More Than Rest of Empire

HAMILTON, Nov. 15.—Canada has a deep interest in the fiscal crisis through which Great Britain is now passing, and the attitude of the British public toward the preference proposals of Premier Baldwin will have a big bearing upon the future prosperity of the Dominion. It was stated here tonight by R. Hon. Arthur Meighen, Conservative leader, in the course of an address before the Associated Boards of Trade and Chambers of Commerce of Ontario, at a banquet.

The matter is of such vital importance to Canada, Mr. Meighen said, that he felt all business men should comprehend the significance of the fiscal move on the part of the British Premier, and should realize that a consistent preferential trade policy for the British Empire would be one of overshadowing importance in the development of Canadian export trade. While all the Dominions undoubtedly would benefit by any such policy as Mr. Baldwin is seeking to put into effect, Mr. Meighen said he was confident that Canada would benefit most of all. This would be due to the fact that Canada has the advantage of distance over the other Dominions, and to the further fact that industrial development has gained the firmest foothold in this country of any part of the Empire.

## Incalculable Benefit

"Even if Canada were to get preference in nothing more than her manufactured goods—though Mr. Meighen said he was confident that the products of the farm as well—the benefits to this country would be incalculable. The past already had demonstrated that. As a direct result, Mr. Meighen was certain, the adoption of British preference for manufactured goods on the part of the United States, for the big influx of factories into Canada."

## MAY IMPOSE TAX UPON FUEL OIL

Question Now Said to Be Before Liberal Caucus—One Cent Per Gallon Proposed

If the Liberal caucus will accept the suggestion of Hon. William Mackenzie King, Minister of Finance, there will be a bill, providing for steps being taken toward securing the imposition of a tax of one cent per gallon on fuel oil entering this Province to compete with the output of the coal mines of the Province.

For some years past, the Minister, who hails from a coal mining centre, has been a consistent advocate of some restriction upon the oil fuel importations. There was a session of the Liberal caucus last night, and it was intimated, the question of the necessity of a tax upon imported oil was under consideration.

## MINISTER CLAIMS LARGE SURPLUS

Hon. John Hart, Minister of Finance, Submits Report Showing Over Million Excess in Six Months

## RECEIPTS BETTER THAN WERE EXPECTED

If Balance of Twelve Months Keeps Up Record Government Will Be Able to Congratulate Itself

A SURPLUS of \$1,609,262 on the financial operations of the Provincial Government for the first six months of the present fiscal year, beginning April 1, is shown by the report by the Comptroller-General, Mr. A. N. Motat, presented to the Legislature yesterday by Hon. John Hart, Minister of Finance. The minister's statement was received by Liberal applause. He stated the report showed that current revenue received in the six months was \$10,255,986, while current expenditures were \$8,646,724.

For the fiscal year ended March 31 next the estimated revenue was \$16,769,000. Accordingly more than one-half of the estimated revenue has been already secured.

In the last estimates the total expenditures for the fiscal year were \$20,097,500. The actual outlays for the half year are as set above.

The revenue for the six months as shown by the report are as follows, according to departments:

Department of Agriculture	\$ 20,000.00
Department of Attorney-General	41,107.74
Department of Education	1,107,400.00
Department of Finance	6,142,724.82
Department of Fisheries	27,822.18
Department of Labour	4,672.36
Department of Lands	1,744,435.39
Department of Mines	107,792.11
Department of Public Works	202,514.40
Department of Railways	26,146.94
Capital account	77,108.25
Total revenue for the six months	\$10,255,986.14
Expenditures for the six months	\$8,646,724.82
Public debt	424.92
Department of Agriculture	222,071.00
Department of Attorney-General	133,407.38
Department of Education	1,107,400.00
Department of Finance	1,107,400.00
Department of Fisheries	4,672.36
Department of Labour	4,672.36
Department of Lands	1,744,435.39
Department of Mines	107,792.11
Department of Public Works	202,514.40
Department of Railways	26,146.94
Capital account	77,108.25
Total current expenditures	\$10,255,986.14
Capital account	77,108.25
Total outlays (including income)	\$10,333,094.39

Special warrants issued since the last session of the Legislature to meet outlays for the fiscal year ended March 31 last, aggregated \$46,996, and to meet outlays up to the end of the fiscal year, March 31, 1924, there was an additional \$29,273.

The statement of expenditures on services which have exceeded their appropriations from April 1, 1923, to March 31, 1924, and for which over-expenditures the sanction of parliament is required aggregated \$59,138.

Under the receipts of the Finance Department, the amusements tax produced \$140,282; income tax and personal property tax, \$2,848,181; real property tax, \$1,110,038; wild land tax, \$618,698; horse race tax, \$224,948; succession duties, \$436,776; rural district school taxes, \$394,392.

## HAS HARD WORDS FOR VANCOUVER

Rev. A. E. Cooke Tells Some Things to Annual Convention of B.C. Prohibition Association

VANCOUVER, Nov. 15.—Description of Vancouver as a "plague on the Pacific Coast" and a "feasting spot of bootlegging vultures engaged in a conspiracy against American law and Anglo-American friendship" featured the presidential address of the Rev. A. E. Cooke, who presided over the opening session of the annual convention of the British Columbia Prohibition Association here today.

He spoke with regret of the recent reverses experienced by the prohibition party in Manitoba and Alberta, but stated that he was not discouraged.

"In time the cause will be triumphant from coast to coast," he said. "A wave recedes only to come back with greater impetus than ever."

A large number of delegates were present at the convention, which will close on Friday evening.

## NANAIMO PIONEER DEAD

NANAIMO, Nov. 15.—Margaret Anne Scott, 88, wife of Edward Scott, and a resident of Nanaimo for the past thirty years, died in the hospital here this afternoon after a lengthy illness.

## Four Killed

NEWARK, Ohio, Nov. 15.—Four Columbus men were killed this morning when the auto in which they were riding was struck by Pennsylvania passenger train No. 31, at Frazerburg, northeast of here. The men were on their way for a day's hunt.

## For French Information

PARIS, Nov. 15.—The government has submitted to parliament a bill providing an additional expenditure of \$800,000 francs annually for the "circulation of French information abroad."

## NATION LEARNS OF TARIFF PLANS

Premier Baldwin Tells House of Reasons for General Election—Specifies Only Articles Exempt From Preference

## PERFECTLY FREE HAND RESERVED OTHERWISE

Points to Menace to Trade During Attempts to Rehabilitate Germany, Who Must Increase Exports Largely

LONDON, Nov. 15.—The House of Commons tonight, after a debate in which the Prime Minister and Mr. Lloyd George took part, amid much heckling and derisive remarks, rejected the Labor motion of censure introduced by J. Ramsay MacDonald by a vote of 285 to 190, amid ministerial cheers.

The Government thus maintained its parliamentary majority and cleared for formal dissolution tomorrow, when the struggle, which already bears evidence of being of an exceptionally determined character, will be transferred from the parliament to the constituencies. Ministers and members alike will distribute themselves all over the country, where a great oratorical campaign is already in full swing.

Premier Baldwin told the House something about his tariff plans and the reason for precipitating a general election. He was specific regarding only what he proposes to exclude from taxation—that is, wheat, flour and meat, including mutton and bacon and cheese, butter and eggs.

## Reserves Free Hand

In everything else the Premier reserves a "perfectly free hand" for later decision. In what articles he proposes to raise the tariffs he awaits the advice of a committee appointed to consider the subject.

His plea of necessity for protection was based largely on the argument that the tariff was a necessary condition of the hand against Great Britain. All other governments, especially the United States, Italy and Spain had greatly increased tariffs since the war. On foreign affairs, which under the impending campaign are almost forgotten, he said the Allies had been informed that the British people could not continue indefinitely to maintain their spirit necessary for co-operation in the existing situation, and he deplored the failure to accomplish anything with American co-operation.

## VANCOUVER LADY'S WILL IN LITIGATION

Mr. W. Holden Seeks to Secure Doctor's Evidence as to His Deceased Wife's Condition

VANCOUVER, Nov. 15.—Claiming the deceased wife, Mrs. Lillian Holden, was intoxicated and had been in a state of intoxication for two or three weeks previous to the signing of the will, which was executed on January 14, 1920, bequeathing the Fender Hotel, Vancouver, and all her personal property to her mother, Mrs. Marie Buscombe, William Holden, son of the deceased, applied, through his counsel, to Chief Justice Hunter for a commission to take the evidence of Dr. Peiers and Dr. McClelland, who had examined the physical condition of the late Mrs. Holden before her death from influenza.

There is an action pending in which Henry Arthur Buscombe and his wife, Mrs. Marie Buscombe, are asking to have a will of Mrs. Holden probated. This will is alleged to have been executed on January 14, 1920. Mr. Holden is contesting the will and asking that a will of an earlier date be probated, leaving him all the property and making him executor.

Mr. Holden is contesting the whole of the last will on the grounds that the deceased ever executed the will but was unaware of its contents, or that the document was intended to be a will, and further, that if the deceased intended the will of January 14, 1920, she was intoxicated for two or three weeks prior to the date was in a state of intoxication. During that period the deceased had furnished her with liquor over Mr. Holden's continued objections. Mr. Holden's affidavit also discloses, Chief Justice Hunter laid over the application for a week.

## COURT NEVER HEARD SUCH NONSENSE

Mr. Justice Cayler Releases Herriot, Bay Resident From Charge of Law-Breaking

VANCOUVER, Nov. 15.—Two residents of Heriot Bay were released today from an implication of law-breaking in connection with their purchase of School Board bonds issued for the purpose of purchasing a residence for the local school teacher. On a charge advanced by Warren Teeter, of Heriot Bay, Mr. and Mrs. R. J. Walker were convicted by Magistrate R. Tipton, of Heriot Bay, of illegal acts because they invested money left as a legacy to their children in School Board bonds.

In quashing the conviction on appeal today, Mr. Justice Cayler said he had never heard of such nonsense. Mr. R. L. Maitland represented the trustees and Mr. P. J. Hinnott, of Victoria, acted for Teeter. Mr. Maitland said that there had been a feud of long standing in Heriot Bay.

### IMMIGRATION CHECK TO BE EASED OFF

Modernization in Restrictions, But Retention of Selection Approved by Conference

OTTAWA, Nov. 15.—Moderation of immigration restrictions which would bring more people to Canada must not mean the elimination of the selective principle, was approved today by provincial representatives who addressed the Immigration Conference which closed this evening.

In a final review of the discussion which had taken place, Hon. J. A. Robb, Minister of Immigration, referred to the "open door policy" which had been receiving so much attention lately. The government of the day, he said, must always reserve to itself the right of final inspection at the port of entry. Apart from this, Mr. Robb asserted, the government's policy today was to welcome immigrants generally, and to select whether farmers, artisans or of other callings, provided they were physically and mentally sound and provided also that they were of a kind to be assimilated in and take a healthy part in Canadian national life.

#### Redwood Steamship Fares

Previous to the meeting with the provincial representatives, the Redwood Steamship Company had a conference with the minister. They were asked to consider a reduction in steamship fares on the ground that the present rates meant an expenditure of from \$100 to \$200 on the part of immigrants. The company moved to reduce its fares to \$50 from Europe to Canada. Transportation officials were anxious to know what prospects there were for increased business next year. The minister informed them that there was a considerable increase in immigration and that the company should consider seriously the suggestion of a reduction in steamship fares.

The minister suggested that the practice of Redwood Steamship through to particular provinces should not be insisted upon in future. All that was necessary, he explained, was to ticket them to Canada and leave them to decide upon their final destination upon arrival in the country.

### SAYS NO NEW CREED IN CHURCH UNION

Principal Gaudier Points Out Increased Possibilities of Movement Since Its Inception

WINNIPEG, Nov. 15.—References to the possibilities of a larger union of the churches in Canada were made here last night by Principal Alfred Gaudier, of Toronto, and Rev. W. R. Graham, D.D., of Toronto, a leader in the Methodist Church, at a meeting called on behalf of the uniting Presbyterian, Methodist and Congregational denominations in Winnipeg. The speakers stated that while immediate union with the Anglican and Baptist Churches was not a question of practical church politics, the union had flowed under the bridges in the last twenty years, and they were sure the Anglican and Baptist Churches would be much more ready to consider entering into negotiations with the uniting church of Canada than they had been.

It is no new creed that has been set up in the hearts of the uniting churches, declared Dr. Gaudier, who is moderator of the Presbyterian General Assembly. "No attempt has been made to write a new creed," he said, "but the basis of union did not think the time had come to write a new creed. But they did think the time had come to try and set up, simply and adequately, the central truth of evangelical religion on which all the churches are united. The creed is the basis of union is, therefore, a common creed."

### DRUNKENNESS SEEN IN TORONTO'S STREETS

Christian Guardian Newspaper Points to Increased Drinking Under Aegis of Prohibition

TORONTO, Nov. 15.—In the issue of The Christian Guardian dated yesterday, the declaration is made that "for some months past there has been a noticeable increase of drunkenness in the city of Toronto."

"We ourselves," The Guardian continues, "have seen more persons under the influence of drink on the streets of this city within the last three months than in the previous two or three years, and we have heard similar testimony from other observers."

The action of British Columbia, Quebec, Manitoba, and now Alberta, is an indication of the strength and aggressiveness of the anti-Prohibition forces. It looks as if Ontario was to be the next point of attack.

### Vicks Relieves Her Catarrh

"Cannot Praise It Too Much," Says Mrs. Cayer.

Melt a little Vicks VapoRub in a spoon. Inhale the vapors. Then insert some in nostrils, snuffing it well back. You will be delighted to see how it clears the head.

Catarrh sufferers seem to think they have to endure it forever because they live in a "catarrh climate." The disease is hard to get rid of, but Vicks brings welcome relief and in many cases permanent benefit.

"Vicks is a quick-acting treatment for all old cold troubles—above all, like a liniment and at the same time inhaled as a vapor."

Mrs. J. H. Cayer, Ste. Anne, Manitoba, says: "I am sick of catarrh and Vicks VapoRub has done me a great deal of good. I tried everything without success until I used your salve. I cannot praise it too much. I will never be without it. I recommend Vicks to all sufferers from catarrh and cold in the head."

At all drug stores, 50c a jar. For a free test also package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P.Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

### FARMER LOSES LIFE SAVING FROZEN GEESSE

MELFORT, Sask., Nov. 15.—Slowly freezing in the icy waters of a lake near Melfort, while his friends made unavailing efforts to rescue him, Robert Thorpe, farmer, lost his life on Sunday in an attempt to set free a wounded Canada goose, frozen in the ice.

With his brother Chris, Thorpe started out on his errand of mercy across the frozen surface of the lake. Four hundred yards from shore the ice gave way, leaving the two brothers struggling in the freezing water and thick mud. Chris Thorpe worked his way out and was pulled ashore by neighbors, who threw him a rope. It was found impossible to rescue Robert, and he finally collapsed from exposure, after determined attempts at rescue had failed. His body was recovered and buried at Melfort.

### SEEK CHEAPER FAR EASTERN CABLE RATES

Pacific Foreign Trade Convention at Portland Considers Ways for Securing Communication

PORTLAND, Nov. 15.—The importance of adequate facilities for trans-Pacific communication as a necessary foundation for substantial Pacific foreign trade was emphasized at the Pacific Foreign Trade Convention today by V. S. McClatchy, former publisher of the Sacramento, California, Bee. Mr. McClatchy said that to obtain such knowledge by each nation as to the sentiment and progress of the other is necessary to insure friendly relations and such information as will promote commerce, the interchange of reliable and adequate news reports was even more important than opportunity for transmission of commercial messages.

"News reports," he said, "to be of value should be independent, self-supporting, reliable and free from government ownership or control by interests. Reports of this character cannot be established or maintained unless a word rate is conceded very much lower than that charged for commercial messages."

Great Britain's Policy

Mr. McClatchy called attention to the policy followed by Great Britain for ensuring adequate news communications between the home country and her various dominions and possessions by requiring the Eastern Cable Company to establish a special news rate of seven and one-half pence per word, between London and Australia, a distance of more than 15,000 miles. Great Britain also joined with Australia and Canada in laying a cable over Sydney and Vancouver island over which news is carried 4,330 miles for three and one-fourth pence a word, he asserted. This condition was contrasted with the rates charged by the Eastern cable, connecting the United States and the Far East, the rate for news matter being twenty-seven cents a word, to Shanghai, twenty-nine cents a word, and to Tokyo, thirty-two cents a word.

Use Navy Radio

It was this situation, he said, that induced Congress, in 1920, to authorize the use of United States Navy radio facilities on the Pacific for transmission of commercial messages at commercial rates, and messages at the lowest rate necessary to promote regular reports.

Additional communication service across the Pacific must depend for many years on radio.

The speaker called attention to the establishment of a circuit between San Francisco and Honolulu by the Radio Corporation of America and the satisfactory service given for news at a five cent rate.

International Conference

GENEVA, Nov. 15.—Declaring that the ambition to control communication was one of the causes of the world war, Senator Hector Combl of Italy, president of the international conference on transit and communications, in opening the sessions of that body here today, appealed for united efforts to draft such conventions as would create equitable systems of free communication, thus helping to repair the ravages upon the means of transportation caused by the war.

Thirty-six countries are represented in the conference, including the United States.

Death of Well-Known Told In Dispatches

THREE RIVERS, Que., Nov. 15.—Manager Ubald Marchand, sixty years old, vice-general of this diocese, died today.

Fraser River Waterman Dead

NEW WESTMINSTER, Nov. 15.—James Minty, long a well-known figure on the Fraser waterfront, who had followed fishing as an occupation for many years, died in his homeboat on the south bank of the river, near the bridge, on Wednesday evening.

Great Fair Promoter Succumbs

SEATTLE, Nov. 15.—Death of Carl H. B. Hardt, seventy-one years old, at his home here last night became known today. He was superintendent of the Crystal Palace Exposition in London in 1884, and after managing a series of such projects in Australia, formed a connection with the Chicago World's Fair. He came to Seattle in 1903 to take charge of a display at the Alaska-Yukon-Pacific Exhibition, and remained here.

Both Many Smelters

VANCOUVER, Nov. 15.—Magistrate Shaw, of Vancouver, has received news of the death in Stockholm, Sweden, recently, of his old friend Paul Johnson, one of the best-known smelter builders in the past years. He directed the building of smelters in Utah, California and Mexico twenty years ago, and more recently in Alaska and Nelson and Greenwood, British Columbia.

EXPRESS RATES

WINNIPEG, Nov. 15.—A reduction in express rates at the earliest possible date will be urged upon the Board of Railway Commissioners, and the federal government requested to remove the duty on high-grade female dairy stock, in resolutions adopted by the Canadian Council of Agriculture here today. In addition, the council discussed the general banking question, but had reached no decision in the matter when the delegates adjourned at noon.

### BISHOPS REAFFIRM APOSTLES' CREED

Heads of Protestant Episcopal Church in United States Emphatically Go on Record as to Contrary

DALLAS, Texas, Nov. 15.—"A reaffirmation of faith," in the "Virgin Birth of Christ, and the Apostles' Creed," has been made by the House of Bishops of the Protestant Episcopal Church in the United States. The pronouncement, made public to the Associated Press, following its unanticipated adoption last night at a special meeting of the House of Bishops, points out a distinction between profession of belief in entire surrender to the Trinity God, and belief in certain facts about the operation of the Trinity.

The House of Bishops emphatically goes on record in a reaffirmation of belief in every assertion of the Apostles' Creed, making such belief and teaching obligatory upon every "deacon, priest or bishop" of the Church.

Laymen throughout the country petitioned the House that men in high places have brought confusion by apparent uncertainties of belief and had asked for reassurances, concerning what were declared fundamentals of the Christian faith, the virgin birth, the incarnation and the bodily resurrection of Christ.

The pronouncement was expected by those close to House members here today to terminate the controversial situation in which the Rev. Percy Stickney Grant, of New York, occupied the central position before the spotlight of public and denominational concern.

### TO STOP IMPORTING OF CANADA'S WHEAT

United States Tariff Commission Will Consider Raising of Rate and Include All Products

WASHINGTON, Nov. 15.—A new turn was given today to the movement for a higher tariff on wheat to prevent imports from the Dominion of Canada. While the tariff commission fixed November 27 for a preliminary hearing in an investigation of wheat duties under the flexible tariff, and President Coolidge had requested speedy determination of the difference in the cost of production between the United States and Canada, it became known today that considerable time must elapse before any definite action can be taken.

The tariff commission's inquiry will include a study of the import duties on all wheat products as well as the commodity itself. It was disclosed in a formal statement issued this morning by the commission. The statement said that the investigation could be expected to bring no results sooner than sixty days, with indications of a longer time being required.

The investigation is to include wheat flour, semolina, crushed and cracked wheat and similar wheat products not specially named in the Tariff Act, as well as bran, shorts and by-products, feeds obtained in milling wheat.

### FAKE CONSTABLE WILL ANSWER CHARGE

Self-Heralded Hero of Plains Released From U.S. Jail Will Be Tried in Canada

ST. PAUL, Minn., Nov. 15.—Roy Beauvais, the "Canadian Mountie," whose elaborated stories centering about himself as a hero thrilled St. Paul for several days about a year ago, has been released from Stillwater after serving a sentence for forgery. He was immediately turned over to the immigration officials and is on his way back to Ontario, his home, deported as an undesirable alien.

While masquerading in the garb of a member of the Royal Canadian Mounted Police, Beauvais' principal tale was about how he tracked nine murderers for three years through Europe and the United States, and earning for himself many free dinners at the expense of prominent St. Paul persons.

His downfall came shortly after with his arrest on a charge of forgery, subsequently being placed in the University of Minnesota hospital for mental examination, when he again thrilled St. Paul by escaping from guards. Later he was captured in St. Paul, still in his mountie uniform. He was sentenced indeterminate to Stillwater for the forgery charge.

### BISHOPS ELECTED

DALLAS, Tex., Nov. 15.—The Rev. Edward N. Cross, of St. Paul, Minn., was elected Bishop of Spokane, Washington, by the House of Bishops, Protestant Episcopal Church in the United States, in special session here today. The Rev. Charles E. Reiffender, of Tokio, was elected suffragan Bishop of Tokio, and the Rev. Manuel Ferrando was named suffragan Bishop of Porto Rico.

The elections were not final. It was said, until approved by the standing committee of the church.

### Floating Specks Before the Eyes Means Liver Trouble

When specks start to float before the eyes, when everything seems to turn black for a few seconds and you feel as if you were going to faint, you can rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of Milburn's Laxa-Liver Pills and clear away the accumulated mass of waste and poisonous matter from the system.

Mr. Chas. Ayland, Frankville, Ont., writes: "I used to be awfully bothered with floating specks before my eyes, headaches and sickness to my stomach. I took just half a vial of your Milburn's Laxa-Liver Pills and ever since I have felt as well as I ever did. Now I always keep them on hand."

Milburn's Laxa-Liver Pills are 25c a vial at all druggists or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Adv.)

## PROSPERITY SIGNS ARE NOT VISIBLE

CRANBROOK'S MEMBER CANNOT  
SEE GOVERNMENT CLAIMS

Alleges Farming and Mining Interests  
in His Riding Suffer From Lack  
of Administration Action

That the agricultural and mining industries in the Cranbrook riding, while, perhaps, not as bad as they might be, have yet little or nothing to give credit to the Government for in the manner of aid and assistance under existing trying circumstances, was the declaration of Mr. M. A. Wallinger, Conservative member for the riding, when he spoke on the debate on the address in reply to the Speech from the Throne. The member declared that conditions here are not at all satisfactory, despite the claims made in the Speech and by the mover and second of the Address. He was critical of the alleged efforts of the administration to aid the cultivator of the soil and the digger for hidden wealth. He asserted, however, with emphasis that any public aid extended had not produced results.

Captain Ian Mackenzie, second Liberal member for Vancouver, ad-  
joined the debate. He will speak today.

Referring to the condition of the mining industry, Mr. Wallinger said he did not know just what the Government had done to make it so. Any success was entirely due to industry and hard work, and in spite of taxation, ally amendments to the laws and additions to the statutes governing the industry. He said the present Government has foisted upon a long-suffering industry. Perhaps one or two large mining concerns are increasing their plans, but the fact was one or two are shutting down. Practically all the prospectors have gone; the taxes on mining are becoming insupportable, and the present scheme of district mining engineers has not proved an unqualified success.

Mr. Wallinger had a good word to say for the capabilities of the Government engineers, but their work militates against other engineers being brought in by miners to inspect properties, and thereby many chances for a transaction are lost.

The official reports should cover not alone one or two properties but a large number in a district, and should be, he believed, compiled in connection with the geological survey reports of the Federal Government. In that way more adequate information would be available. To force a man who sought to spend \$5,000 on a property to engage an expensive engineer to report on some minor work was often the reason for that development work never being done.

**Roads Untouched**

Roads had remained untouched since the Conservative government had gone out of power, claimed the Cranbrook member, who cited that when he asked the government engineer to inspect and recommend appropriation for a road extending twenty-six miles, which was in poor condition, the pittance sum of \$200 was set aside. Still, the government was where a mining concern was prepared to spend \$50,000 in improvements but had met with no success towards having the road leading to the property repaired, and as a result the scheme had been put over until next year.

The mining industry should be catered to, claimed Mr. Wallinger, who predicted that it was next in importance to the lumber industry, which, if the present rate of cutting is carried out, will not last for many years. The lack of expenditures on improvements was breeding discontent among the people of the interior, and the Cranbrook member deplored the flowery speech of the Minister of Lands delivered during the afternoon. Hon. Mr. Pattullo should visit the country and see for himself, Mr. Wallinger claimed.

Mr. Wallinger made a plea for the civil servants, and asked whether they were going to receive the increases they are entitled to under the act. Officials long in the service had been overlooked when promotions were made, and under such methods as this that an esprit de corps could not be maintained. Abolition of the personal property tax was also advocated by Cranbrook's member, who cited instances where wealthy individuals with a very small stock on hand and a few books, were able to escape scot free from the imposition of the tax, while larger concerns were working under a hardship.

## ROTARY CHRISTMAS TREE NEXT MONTH

Local Service Club Will Provide Cheer  
for Poor Children—Rotarian Secu-  
rity on Hospital Committee

The Rotary Club of Victoria, at its luncheon yesterday noon in the Chamber of Commerce auditorium, decided to give its annual Christmas tree entertainment some time next month. This function, which the Rotarians have conducted during the past several years, has been one of the outstanding charitable enterprises of community service organizations here, the motion sponsored by Rotarians H. F. Johnson and Thomas Walker that the club provide Christmas cheer for the poor children of the city was unanimously endorsed.

Rotarian Frank Sehl called the members' attention to the meeting which will be held next Tuesday night, November 19, in the Chamber of Commerce auditorium, when a branch of the League of Nations Society will be organized in Victoria. The gathering would commence, he said, at 8 o'clock, and every member of the club and all citizens of the community were invited to attend. President Jimmy Adams asked for volunteers for the campaign to raise \$125,000 for the new Jubilee Hospital wing, and the response was satisfactory. Rotarian Dr. B. Scriver, past president of the club, was designated to represent the Victoria Rotary Club on the central committee of the hospital.

Rotarian Deville invited the members to participate in the meeting that will be held this morning from 7:45 to 8:30 o'clock in the Y.M.C.A. Building in connection with the World-Wide Week of Prayer. "World Relationships" will be the theme of the gathering, he stated.

Community singing proved one of the features of the meeting, the rousing choruses being ably led by Rotarian Bob Webb.

## With the Lawmakers

The debate on the address on the Speech from the Throne will almost certainly terminate this afternoon and the long talkfest which characterizes these opening days of every session will be got out of the way and allow the legislators to get down to real business.

Yesterday, in the House, Hon. T. D. Pattullo, Minister of Lands, and Mr. Wallinger, Conservative member for Cranbrook, carried along the debate. It was intended that Mr. W. A. McKenzie, second Liberal member for Vancouver, adjourned the debate.

There was nothing forthcoming from the party whips, who arranged these matters. It is not expected that anyone will follow the member for Vancouver, in the case the customary address expressing the pleasure of the House at the kind remarks made of the Government in the Speech, will be presented. Acrimonious debate is being reserved for the debate on the budget, which is the real fighting ground for the opposing political forces.

An amendment to the Motor Vehicle Act was introduced in the House yesterday afternoon by Mr. B. Clearhue, Liberal member for Victoria, which calls for motorists to observe the speed limit of ten miles per hour when passing schools only between the hours of 8 a.m. and 5 p.m. on school days. Another clause allowed a police officer to arrest a motorist without a warrant when the circumstances demanded it.

Mr. Clearhue, explaining the latter clause, expressed his surprise at the alien motorists had disappeared before a warrant for offences under the act could be made out and served. Mr. W. A. McKenzie, Similkameen, opposed the measure and stated that children were just as likely to be playing in the school grounds on Saturdays and in the summer time after 5 o'clock. The distance involved in this speed limit warrants a "safety first" principle, he contended.

Mr. J. Hinchcliffe's second attempt to get through an amendment to the Elections Act whereby it would become compulsory upon the Government in power to call a by-election within six months in a constituency where a vacancy has occurred, was made when the Conservative member for Victoria introduced his bill yesterday. The attempt was just as foisted upon the Government as adjourning the debate, a move which he carried out last year, and which ended in the amendment being voted down by Government forces.

Mr. Hinchcliffe contended the amendment was for justice and right and ought to be carried in the Legislature. He expressed his surprise at the stand taken by Mr. J. W. de la Farris during the debate that the City of Vancouver was well represented by five members, instead of six.

Introducing his bill, Mr. Hinchcliffe predicted that it would not be the last time he would have to be sponsor for the amendment.

Information concerning the amount of money spent by the Land Settlement Board on the Merville soldier settlement is being sought by Mr. Thomas Menzies, Independent member for Comox, who has filed a series of questions on the matter. He asks if the Department of Agriculture has received a report from a committee authorized to revalue certain areas in the settlement, and if so, the amount of the valuation.

Mr. R. H. Pooley, Conservative, Esquimalt, wants to know the total amount paid to date to the legal firm of which Mr. Robert Smith, a member, since the Government took office, and is the said Smith a son of the lady member of the Legislature. Mr. Pooley, too, is asking what has been paid Mr. J. W. de la Farris on account of professional fees for his recent trip to London, and how much was expended for expenses. Traveling expenses of Mr. M. B. Jackson, M.P.P. for the Islands, in his capacity of chairman of the Game Board, is another piece of information sought by Mr. Pooley.

Colonel Lister is asking what quantity of logs were exported from the Province during 1922 and this year to November 1. He is also asking what, if any, employees of the Department of Lands have received salary increases since March 31 last.

Mr. Bowser, Opposition leader, is asking the usual series of questions bearing upon the debt of the Province, and how the Government intend to bring these questions being prepared to his coming address on the budget speech.

Colonel Lister is asking the Provincial Secretary if any representations have been made by the Provincial Civil Service with a view to placing under the dome of the Parliament Buildings a memorial to those members of the service who gave their lives in the Great War, and if the request was refused, the reasons therefor.

Mr. McRae, Conservative, Yale, has questions seeking information concerning Government advertising. In the report of the speech in the debate on the address in reply to the Speech from the Throne delivered by Mr. J. W. Jones, Conservative member for South Okanagan, on Wednesday afternoon in the Legislature, it was made to appear that the member stated that 24,580 Canadians had departed for the United States. What the member actually said was last year immigrants from the Dominion to the United States had totalled 133,451, of which 24,489 went through British Columbia.

That a heavy export duty should be imposed by the Dominion Government on all unmanufactured British Columbia timber going outside Canada, will be urged by Mr. Kenneth Duncan, Independent member for Cowichan, who has filed notice of his intention to introduce a motion to that effect, and asking that the Legislature petition the Federal Government to that end. The Cowichan member's motion sets forth that a large quantity of timber is being taken out of the Province for manufacture outside the country; that this practice is resulting in the exploitation of one of the leading natural resources with little benefit to the Province. Further, that numbers of wage-earners are leaving the Province on account of insufficiency of employment, and that the manufacture of timber cut in the Province would materially increase employment, and conserve the timber resources for the benefit of Canada.

Mr. Duncan's motion will come before the Legislature today.

## GOES IN TO SEE ALL ABOUT IT AND GETS FINED FOR ASSAULT

A pleasant time was had by all present at a little incident in the Westholme Hotel one evening recently, according to the rather confused recollection of the hasty proceedings that he rather thought The Colonist representative, present in the hotel, "the gentleman" with the bottle.

The complainant said that he had just got into the hotel, after leaving his work of loading a ship at the Canadian Puget Sound sawmill, when Roach and John Hanley came in. Hanley had said: "Oh, you're one of those scabs, are you?" Roach had punched his head, and Hanley had made a threatening demonstration with a beer bottle.

James Farnum, salesman by calling and temporary longshoreman by necessity, was just coming down the hotel stairs while all this was going on.

"I saw another gentleman," said Farnum, "but I did not see any blow struck." Charles H. Bevercomb, proprietor of the hotel, has a confused recollection of the hasty proceedings that he rather thought The Colonist representative, present in the hotel, "the gentleman" with the bottle.

"Oh, no, I don't think he was there," said City Prosecutor Harrison, "he does not use bottles like that." Magistrate Jay was understood to believe that the Colonist of any participation in the incident. He said Roach denied the assault. He said Hanley was not there at all. The defendants, however, the hotel when he saw Rutledge make the ancient and derisive thumb-and-nose signal at him, Roach, and there was also performed by the complainant an equally derisive "shimmy" dance. Roach admitted that he had gone in to "see about it."

"I am afraid you did go in to see about it," commented the court, "and I think you punched this man's head. You will be fined \$20."

## INDICATES PROBE OF DISBURSEMENTS

Committee Will Investigate Expenditures Made by Mr. G. G. McGeer in Freight Rates Case

On Monday morning the Public Accounts Committee will get down to business for the session. Yesterday morning, at a meeting of the committee, an indication was shown as to the disposition which the opposition members of the House will, at the outset, seek to probe deeper than the public accounts and answers to questions in the House have so far shown how money was expended.

Mr. Bowser is evidently not satisfied with the statement made that Mr. G. G. McGeer, the solicitor for the government in the freight rates case, has disbursed the sum of over \$48,000 and has still \$17,500 on hand to disburse. The charges on top of this, made by The Vancouver World that The Vancouver Sun has been employed as propaganda agent in this matter, have not helped to modify the situation, and a request has been made for the production of the details before the committee at the next sitting on Monday.

Major Mark of the Industrial Commission, has also been requested to bring details of the expenditures connected with his department at an early date as possible.

A request was also made of Colonel Davies, of the Land Settlement Board, that he be prepared to appear before the Public Accounts Committee also and give satisfactory information to that committee in the presented accounts.

## BANDITS' ACTIVITIES

MONTREAL, Nov. 15.—Two employees of the Dawa Brewery were held up this afternoon on St. Maurice Street by three bandits in an automobile, who succeeded in getting away with \$3,000 in cash and \$9,000 in cheques. The men were taking the money to the bank to deposit.

Dr. Wood's Norway Pine Syrup will clear the bronchial tubes of the collected mucus and phlegm and in this way ease the racking cough, and in a short time make it disappear.

Mrs. L. Ambrose, Sarnia, Ont., writes:—"My little ones were both sick with whooping cough. I read where Dr. Wood's Norway Pine Syrup was good, and I only used two bottles and they were better. I had chronic bronchitis for three years and tried everything until, finally, I got Dr. Wood's. I would not be without this remedy."

Price 35c bottle, large family size 65c; put up only by The T. Milburn Co., Limited, Toronto, Ont. (Adv.)

KANSAS CITY, Nov. 15.—Two masked bandits held up two messengers of the Argentine State Bank at Argentin Boulevard and 17th Street here today, and escaped with \$20,000.

COLLINSVILLE, Ill., Nov. 15.—Three bandits today held up two clerks of the Consolidated Coal Company and escaped with \$14,000. The clerks were returning from a bank.

## Kellogg's Bran is ALL BRAN —that's why it relieves constipation!

Half-way measures mean nothing to the man, woman or child whose very existence is threatened by the habitual clogging of the elimination channels. Foods with only part bran can never clean and sweep the intestines in the nature-way as does Kellogg's Bran, cooked and krumbled.

And, Kellogg's Bran is as delicious in flavor as it is positive in its action. If it is eaten regularly—two table-spoonfuls daily, in chronic cases, with each meal—it will permanently relieve the most aggravated case.

Your health will be greatly improved within a brief period if you will eat this delicious Kellogg cereal. Know what Kellogg's Bran, cooked and krumbled, will do for you and for your loved ones. There is no time to be lost in getting the relief that Kellogg's Bran assures.

Kellogg's Bran is delightful as a cereal, sprinkled over any hot or cold cereal, or served in countless appetizing ways in baking and cooking. It makes the best sort of pancakes, muffins, raisin bread, macarons, etc., you ever ate. And, each mouthful contributes to health! Kellogg recipes are printed on each package. Kellogg's Bran works for you all the time! Your physician will recommend Kellogg's Bran for constipation.

A plimpy complexion or an offensive breath can both be overcome by the regular use of Kellogg's Bran, which is sold by grocers everywhere.

## INDUSTRY SHOWS STEADY GAINS

**DR. WARNOCK FORESEES PROSPERITY IN B.C.**  
Speaker Tells Rotarians of Agricultural Development—Mr. J. W. Gibson Talks Briefly

Declaring that agriculture in British Columbia was steadily expanding, that it had risen to the second largest industry in the Province, and, he believed, that very shortly its products would command better prices, Dr. D. Warnock, Deputy Minister of Agriculture, addressed members of the Victoria Rotary Club yesterday noon in the Chamber of Commerce, on the progress and trend of agriculture in British Columbia. Many of the farmers attending the potato show now being held in the city were guests at the luncheon.

Dr. Warnock, who was introduced to the meeting by Rotarian Ray Hallwright, spoke optimistically of the future of agriculture in this Province. He stated that in the decade from 1912 to 1922 agricultural products had increased from \$23,000,000 to over \$55,000,000, or a rise of over one hundred per cent. The value of agriculture in British Columbia in 1921 was over \$17,000,000 greater than the combined value of mining and fishing.

The increase in the value of agriculture in this Province was attributable to the carefully laid out plans of agriculturists and hard work. The Dominion and Provincial agricultural experts were always willing to help agriculturists, he said, adding that he thought their services were appreciated.

**Need More Experts**  
"We sometimes hear members of the Legislature say that we have far too many agricultural experts running up and down the country," he said. "I think otherwise. I am of the opinion that we need more of these men, who can be of great service in their work of assisting and guiding those who are engaged in agricultural pursuits," Dr. Warnock said.

The speaker expressed pleasure that the dairy industry was expanding, stating that there was a splendid market for dairy products. He pointed out that many who had previously been fruit farming were turning their attention to dairying.

Mr. J. W. Gibson, Provincial instructor of agricultural education, spoke briefly. He congratulated the Rotary Club for the support it had extended in making the potato show undertaking such a success.

Among the luncheon guests were Mr. and Mrs. Urquhart, who were the first to put the Comox butter on the market years ago.

## OBITUARIES

**SADLER**—The death took place yesterday morning, at St. Joseph's Hospital, of John William Sadler, beloved husband of Mrs. Jessie Sadler, of Gordon Head, aged 48 years and born in Green-Gate, Safford, Lancashire, England, and a resident of this city for many years. The deceased is survived by besides his widow, an adopted son at home and two sisters in Lancaster, England. The remains will repose at the Bands Funeral Chapel until Saturday at 2 o'clock, when the casket will be removed to St. Luke's Church, Cedar Hill, where the service will be conducted at 3 o'clock by Rev. William Carroll, and the remains will be laid to rest in St. Luke's Cemetery.

**SIMPSON**—Service over the remains of the late Mr. James Simpson was conducted yesterday afternoon at 2 o'clock in the chapel of the R. C. Funeral Company by the Rev. Dr. Clay. There was a large attendance of friends and many beautiful floral offerings covered the casket and hearse. The hymns sung were "A Guide With Me" and "Lead, Kindly Light." The following acted as pallbearers: Messrs. Richard Simpson, Robert Simpson, Charles Simpson, G. Heineke, T. Dule and F. Lupton. The remains were laid to rest at Ross Bay cemetery.

**STEWART**—The funeral of Baby Stewart took place yesterday afternoon from the residence of the parents at Breeds Crossroad at 1:30, proceeding to Holy Trinity Church, where Rev. Mr. Hughes conducted a very appropriate service in the presence of a large gathering of friends. The little casket was completely covered with a profusion of beautiful flowers. The hymns sung were "Tender Shepherd, Thou Hast Sifted" and "There's a Friend for Little Children." The interment was made at Patricia Bay cemetery.

**KIDDELL**—The funeral of the late Mrs. William KiddeLL will take place this afternoon at 1:30 from the R. C. Funeral Chapel, proceeding to the residence and thence to St. Mary's Church, where the service will be held at 2 o'clock. Interment will take place at Ross Bay cemetery.

**JEFFERY**—There passed away yesterday morning at the Jubilee Hospital, Mrs. Ada Jane Jeffery, beloved wife of Erny Jeffery, of 715 Princess Avenue. The deceased was born in Victoria and had resided here all her life. She is survived by her husband and three sisters: Mrs. W. Horne, at Sooke; Mrs. A. H. Heather, in the city, and Mrs. J. L. Smith, at Shawan Lake; also two brothers, Mr. F. Cassell, in the city, and Mr. A. Cassell, of Seattle. The late Mrs. Jeffery was a daughter of the late Richard and Sarah Ann Cassell. The funeral will take place from the residence, 715 Princess Avenue, on Monday afternoon at 2 o'clock. Interment will be made in the family plot at Ross Bay cemetery.

**SHELTON**—The remains of the late Seth Shelton, who passed away on Wednesday evening at the Delhi Apartments, will be laid to rest in Ross Bay cemetery on Saturday afternoon. The casket will be removed from the Shelton Funeral Home, 1625 Quadra Street, at 1:30 o'clock to Victoria Hall, Blanshard Street, where service will be held at 2:30 o'clock. Mr. Hamilton will officiate.

**MERRILL**—Service was held at the Thomson Funeral Home, 1625 Quadra Street, yesterday afternoon at 1 o'clock for the late Mrs. Margaret Phedora Merrill, who passed away at an early hour Wednesday morning. Rev. W. P. Freeman, R. C. of the First Baptist Church, conducted a very impressive service. The hymns sung were "Forever With the Lord" and "The Church is the Body of Christ." There were many beautiful tributes

covered the casket. After the service the remains were forwarded on the afternoon boat to Vancouver, en route to Dauphin, Manitoba, where the remains will be laid to rest in the family plot. Miss L. Merrill accompanied the remains. The pallbearers were: A. E. Taylor, E. Hinesley, A. Galbraith, D. W. Russell, W. H. Spofford and A. B. McNeill.

## MORE SUBSCRIPTIONS SWELL FUND RAPIDLY

**Jubilee Hospital Campaign Canvassers Yesterday Brought in Further \$8,325**

Since yesterday morning the Jubilee Hospital campaign committee has rolled in a further \$8,325, which is another very satisfactory day's return. This sum represents only nine subscriptions, the biggest of which was Messrs. J. H. Todd & Sons' cheque for \$3,000. However, the whole \$8,325 collected to date only clears the way for the major work of the campaign, viz., the raising of the further \$100,000 which is required to see the building fund complete.

More canvassers are wanted for the list collections, which are to be commenced next week. Either men or women may volunteer, and may report at headquarters, Central Building, corner of View and Broad Streets. Following is a list of yesterday's subscribers:

Previously acknowledged: \$18,130.70  
Charles Strangman ..... 50.00  
Senator G. H. Barnard ..... 750.00  
Reginald Genn ..... 25.00  
J. H. Todd & Sons, Ltd. .... 3,000.00  
Mrs. C. F. Todd ..... 1,000.00  
Mrs. D. C. Todd ..... 1,000.00  
Mrs. E. D. Todd ..... 1,000.00  
Mrs. W. I. Pendray ..... 1,000.00  
Col. H. C. and Mrs. Carey ..... 500.00

The honorary advisory committee is composed of His Honor the Lieutenant-Governor, Walter C. Nichol, patron; Sir Francis Barnard, R. P. Butchart, Hon. W. J. Bowmer, Mrs. R. E. Day, Major Dupont, Mrs. Dunsmuir, Reeve Lockley, Hon. Dr. McLean, Hon. John Oliver, F. B. Pemberton, ex-Mayor G. E. Redfern, Mrs. D. Spencer, Mr. A. C. Flumerfelt, John Galt, A. T. Goward, Mayor Hayward, Hon. John H. Reeve, Hewlett, J. A. Sayward, Christian Silveritz, C. F. Todd, Captain J. W. Troup, Hon. Dr. Toimie, Reeve Watson.

Executive committee: Mrs. C. Rhodes, Mrs. Schofield, Mrs. Curtis Leppin, James Forman, Edwin Tonkin, Dr. Vya, Rev. W. G. Wilson, Mrs. Ross Sutherland, George McGregor, Charles Williams, Mark Graham, J. O. Cameron, F. Landsberg, H. D. Twigg, R. F. Taylor, honorary chairman.

The list of members of the citizens' committee shows the following: M. Graham, chairman; Colonel Lorne Ross, J. W. Hudson, Kenneth Ferguson, A. E. Brindley, H. C. Hall, Mrs. L. H. Harder, Pearl Fleming, Captain A. Aiken, H. B. Savage, Alec Faden, Fred McGregor, Frank Waring.

Publicity committee: F. Gilmor, chairman; H. M. Diegen, G. W. Newton.

For the forthcoming week's canvassing the city has been divided into districts, as follows: No. 1, James Bay; No. 2, Fairfield; No. 3, Rockland; No. 4, Oak Bay; No. 5, Highlands; No. 6, Spring Ridge; No. 7, Central; No. 8, Toimie; No. 9, Rock Bay; No. 10, George; No. 11, Esquimalt; No. 12, Victoria West; No. 13, business section.

**ASSOCIATED BOARDS  
OF TRADE MEET**  
Annual Gathering at Vancouver Opened Yesterday—Interprovincial Highway Looms Large

VANCOUVER, Nov. 15.—Construction of an interprovincial highway, continuation of the fight for equalization of freight rates for British Columbia, and advocacy of the British preference for Canadian goods, are three of the leading subjects to be considered by the fourth annual convention of the Associated Boards of Trade of British Columbia, which opened in the auditorium of the Board of Trade this morning.

Reference to those subjects was made both by Mayor C. E. Tisdall and J. B. Thomson, president of the Vancouver Board of Trade. There was practically a full attendance of approximately one hundred members, representing about forty-five boards. The theme of the interprovincial highway is the theme in which most of the members are interested. It is the subject of discussion wherever a few of them assemble. A leaflet advocating the Fraser River route is being circulated by the Kamloops delegates, who are armed with a mass of information.

## Keystone School Supplies

Here is one kind of B. C. product that has attained a preference among students because the quality and quantity of paper is higher than in imported lines that cost as much.

You can always find a Keystone trade mark on the front or back cover of genuine Keystone Brand. Look for it.

**SMITH, DAVIDSON & WRIGHT, LTD.**

Manufacturers of School Supplies

VANCOUVER—VICTORIA

## City and District

**Mr. James Outram Coming**—Mr. James Outram, noted English Alpineist, will speak at a public meeting at the Empress Hotel on November 24, under the auspices of the Alpine Club of Canada.

**Working Information**—The city solicitor is asking the Provincial authorities on what date the St. Joseph's Hospital complied with the provisions of the Hospital Act. The institution must do this before the city is liable for the unpaid bills of its patients.

**Army and Navy Veterans**—Members of the Victoria unit are requested to attend the funeral of their late comrade, Mr. William John Kiddell, which will take place this afternoon. The veterans are asked to be at Ross Bay Cemetery today at 2:30 o'clock.

**Expresses Thanks**—The Great War Veterans' poppy ball committee desires to thank the patrons and all others who assisted in making the function such a conspicuous success. The veterans are also grateful to the merchants of the city who kindly displayed cards and sold tickets for the affair.

**Association to Meet**—The Canadian Highway Association will hold a meeting on Tuesday afternoon at 3 o'clock in the Chamber of Commerce quarters, Arcade Building. Today a delegation from the organization will wait upon the Provincial Government to request a grant to aid the association in its work.

**An Expensive Shoot**—Game is better when it's "high," according to the old English view of such things; and it comes high, too, when it's shot out of season and the game warden gets to hear of it. Thomas Neville discovered the truth of these things in the Provincial Police Court yesterday, when he was fined \$50 for shooting two willow grouse east of season at Cooper's Cove, Sooke, last Sunday.

**Mrs. Mary Ellen Smith Speaking**—At Centennial Methodist Church this evening, at 8:15 o'clock, under the auspices of the Women's Educational Club of Columbia College, there will be a lecture by Mrs. Mary Ellen Smith, M.P., who will give impressions of her recent trip to Europe. Mrs. Robert Baird, contralto, and Mr. Percy Edmonds, baritone, will give vocal numbers, and Miss Pauline Hall, violinist, will play.

**Unitarian Church**—Rev. Alexander Thomson, of Vancouver, will occupy the pulpit of the Unitarian Church on Sunday morning next, at 11 o'clock. The subject of his address will be "The Lord of Hosts and the God of Peace." The sermon will deal with the teaching of British Israelism, and also refer to Lord Birkenhead's recent Glasgow speech, which has created such a stir in religious circles.

**Parcels for Overseas**—Effective on November 15, parcels of parcel post for the United Kingdom, including the North-East counties of Ulster, can be accepted for insurance at the post office. The insurance rates are in addition to the postage and rate two cents, covering an amount up to fifty dollars, and thirty cents from fifty to one hundred dollars. As postal arrangements with the United Kingdom are subject to separate agreements, parcels for that section of Ireland cannot, for the present, be insured.

**A. and N. Vets Command**—The Provincial command of the Army and Navy Veterans in Canada will hold an annual meeting on Monday at the Victoria Hotel. Delegates from the various branches of the unit in British Columbia will be in attendance at the annual meeting on Monday at the Victoria Hotel. The meeting will be held in the afternoon, at 2 o'clock, in the Hamilton Building, corner of Broughton and Government Streets, at 10 o'clock tomorrow morning. The subject of the meeting will be a smoking entertainment, which will be held tomorrow night at the Hamilton Block, at 8:15 o'clock.

**Ministers Back Campaign**—The Victoria Ministerial Association, at its last meeting, passed a resolution endorsing the Juvenile Hospital Bill, and asking all ministers in the city to announce from their pulpits on November 16 and 17 that the campaign to "keep the boys out of the streets" is the best interest of the community. The resolution states that the campaign is kept in mind with a view to reaching the desired goal as speedily as possible.

**Liquor Case Remanded**—The case of the Grand Army of United Veterans and George M. Steadman, jointly charged with the sale of beer in the clubhouse, Government Street, was further adjourned for one week in the police court yesterday. The delay was necessitated by the fact that the three Liquor Board members, Killwinn, Harrison and Grant, who are the witnesses for the prosecution, have gone to Prince Rupert, to give evidence in a liquor case there. Mr. H. A. Maclean, K. C., appeared for the defendants.

**Chinaman Gored to Jail**—Law Jew was convicted before Magistrate Jay yesterday for having three pills of opium prepared for smoking, and was sentenced to serve six months in jail and to pay a fine of \$200. A similar charge against John Wong was dismissed, the magistrate accepting his defense that he went to the place, a room on the third floor of 1886 Government Street, to pay the wages of a man who worked for him. His story was corroborated by Law Jew, who, for his part, admitted that he had gone to the room for the purpose of smoking opium. Mr. R. C. Lowe appeared for the defense.

**Boys Sent to Reformatory**—The two boys, aged respectively seventeen and fifteen, who were convicted in the Juvenile Court last Wednesday on a charge of stealing a Ford motor car, were yesterday sentenced by Magistrate Jay to serve an indefinite term in the Provincial Industrial School. The boys took the car last Thursday evening, while the owner was in church, from the corner of Quadra and Courtney Streets, and were found by a motor traffic policeman on Dallas Road, where he had driven four young girls. The boys admitted that they were stealing a ride, but said they had no intention of keeping the car. The minimum sentence for the offence as charged under the Criminal

## Under the Clock

City Hall Activities in Brief

The railway section of the Johnson Street bridge was made wider and the track offset to the northern side because it was intended that trains standing in the station would be permitted to extend onto the span. City Engineer F. M. Preston told The Colonist yesterday.

The railway section is three feet wider than is customary, in order to give access to cars standing on the bridge. The track is placed on the north side of the span instead of the centre for the same purpose.

These facts are interesting in view of the present Council's obvious hostility to the use of the bridge as part of the station. Mr. Preston says that the special provisions for trains extending on to the span were known to members of the Council at the time the agreement with the railway was signed.

Parfit Bros., the firm which has the contract for the paving of the short stretch of Johnson Street from Wharf Street to the bridge, and the laying of the concrete sidewalks of the approach spans, are expected to commence pouring concrete today.

The safeguards surrounding the opening of the new Johnson Street bridge are such that should a locomotive or railway car approach within some feet of the edge of the bascule or be standing on the span itself, the opening mechanism cannot be operated. The system which makes this safeguard possible is an electrical one.

Mayor Hayward, chairman of the Cemetery Committee, visited the Royal Oak Burial Park yesterday afternoon. He picked out a location for the platform to be built for the opening ceremony on November 23. From it a fine view of the Burial Park will be obtainable, and it will also be possible to look south over the city.

Representatives of the various religious denominations will be asked by the Mayor to arrange the dedicatory service for the opening, to which representatives of various lodges, clubs, and the general public will be invited. Mayor Hayward will himself preside and will give a brief outline of the history of the cemetery project, after which the dedicatory service will take place.

The balance of the old buildings on the cemetery site are now being torn down, and the place is being cleaned up in preparation for the opening. Only five men and a team are at work now under the supervision of the superintendent. Grass planted this season is showing through the ground.

The city's private bill will come before the Private Bills Committee of the Legislature on Tuesday morning at 10:30 o'clock.

Miss Hilda Wood, secretary to City Engineer Preston, returned today a visit of several weeks with her parents at Long Beach, California.

The complaints of the Emmanuel Baptist Church against students of the Victoria High School, on the grounds of which the church abuts, were dealt with in a letter received by the City School Board from the school principal and a counter-attack launched. Principal H. H. Smith regretted that there should be any cause for complaint, and said that the students had received certain cautions, but pointed out that "a thousand healthy boys and girls must have an outlet for their energy, regardless of their surroundings." He then went on to state that the school had a considerable area of the church, as vehicles taking fuel to it cut up the soccer field, and students had filled in with ruts with hoses and spades. "Why should school property be used," he asked, "when deliveries could be made from the street, as is done in the case of many private homes?"

The opening of a class at the night school in order to instruct public school teachers in the new method of teaching penmanship was suggested to the School Board by Municipal Inspector George H. Deane. A canvass will be made to ascertain what attendance could be expected.

Classes in architecture and in physical training for girls and one of those devoted to dressmaking have been closed at the night school owing to insufficient attendance, the School Board has been informed.

Dr. Felton, of Sooke, would like to address the School Board on the formation of an island branch of the B.C. Teachers' Association. Trustee Siverts has informed the School Board. It was decided to invite Dr. Felton to some future meeting.

porters who regularly contribute something for the Christmas boxes. But there are many others who may, perhaps, be hearing for the first time about the work, and who would like to give something. Handkerchiefs, books and magazines (old or new), woolen socks or sweaters or scarves, underwear, stockings for the children, toys, or some of the many pretty or practical things which one would like oneself to find in a Christmas hamper when living in a seagirt place where shopping is impossible, are suggested.

## MANY ATTEND CARD PARTY AND DANCE

Women's Progressive Conservative Club Holds Successful Affair—Masquerade Dance Next Week

A very successful military five hundred tournament and dance was held on Wednesday evening at the Caledonia Hall under the auspices of the Women's Progressive Conservative Club. There were thirty-one card tables, and following the tournament, dancing took place, the number present being augmented by those who came for dancing only.

The winners of the tombola were as follows: Mr. Greenwood, Mr. W. LeBarre, Mrs. Armstrong, Mr. Dunn and Mrs. Halloway. The winners at the first table were: Mr. Sparker, Mr. Halloway, Mr. Dunn and Mrs. Boyd; second table: Mrs. O'Connor, Mrs. Gilson, Mr. Smith and Mr. Colson; third table: Mrs. Ridgway, Mrs. Randall, Mr. Greenwood and Mr. Crothall; ten-bid, Mr. Wilson and Mrs. Davies.

The energetic committee in charge consisted of the following: Mrs. Brian Combe, Mrs. McAllister, Mrs. Findler, Miss Kelson, and Miss Morris. Mr. C. W. Wigglesworth acted as master of ceremonies. Ridgway's orchestra provided the music.

Next Wednesday evening a masquerade dance will take the place of the usual card party.

## The Girl in the Corner Apartment

By MAY CHRISTIE  
Author of "One Christmas Year," "The Disturbing Kind," Etc.

### THE CHARACTERS

Cynthia Brent, country girl, living in a New York apartment she has inherited from an old lady she once befriended.

Ruby Allison, her gay and frivolous friend.

Alec Kerr, Ruby's fiancé.

Quentin Gray, an artist friend of Ruby.

Aunt Ellen, who keeps house for Cynthia.

Murray Stewart, for whom Cynthia is working as a stenographer.

Mrs. Wakeland, friend and rich client of Stewart, who takes a fancy to Cynthia.

Violet Jervoid, friend of Murray's.

EXPLANATIONS

CYNTHIA was the startled witness of a meeting between Margaret Wakeland and her husband—that mythical, shadowy husband whom the girl had surmised was lurking somewhere in the background of the charming, yet withal lonely, woman's life.

And to think that he was none other than Quentin Gray, a man whom, from their first encounter, she had instinctively distrusted and disliked!

The whole thing was an amazing shock.

She had never guessed that the flirtatious artist was a married man.

Her own creed was so straightforward and simple that she could not fathom others' crookedness.

Like one petrified, she stood in her little sitting-room, a reluctant witness of the drama.

At first Quentin Gray seemed thunderstruck. His voice temporarily deserted him, and he could only stare dumbly at the woman he had treated so ill.

Then, attempting his usual debonaire style, he blurted out:

"So a ghost from the past has risen up to greet me! I didn't expect to have the pleasure of meeting you here," and he took an uncertain step towards his wife.

"No, evidently not," she answered coolly, though she was very white.

"Otherwise you wouldn't have intruded at this hour."

He tried to force a laugh.

"I happened to be passing, and dropped in to borrow a book from Miss Brent," he lied.

Cynthia, realizing that her presence only made the situation worse, moved hastily towards the door, and left husband and wife alone together.

The ensuing interview was not of long duration. What transpired, Cynthia had no idea, nor did she wish to know. But Quentin Gray went off, and Margaret Wakeland returned quietly to her, apologizing for the trouble that had occurred.

"I seldom speak about my marriage," her voice was well under control. "I had no idea that you knew my husband. We have lived apart for so many years that he has seemed almost dead to me."

Cynthia murmured something sympathetic.

Margaret Wakeland went on quietly:

"I married him for love, and the awakening was therefore doubly cruel when I realized, through many painful incidents and experiences, that he had only married me for my money. That's a very sad and very humiliating knowledge for any woman, Cynthia."

Again the girl murmured something, though it was hard to know what to say.

"My husband's real name is George Wakeland. He assumed the name of Quentin Gray for mysterious purposes."

Cynthia's friend smiled readily.

"Up to a couple of years ago, however, he didn't hesitate to run up bills in his real name, and have them sent in to me for payment. I had to consult a lawyer on that point!" She sighed. "Oh, it's all been so pitiful and awful! It—it hurts me so!"

Tears sprang to her eyes, but she brushed them impatiently away.

"He isn't worth worrying over. I only hope—" she gave her friend a long, anxious glance—"I hope he hasn't tried to play havoc with your heart? Every pretty girl attracts

him—for a time—until the next one comes along. He's got an insatiable desire for conquest."

Cynthia spoke up, though the subject was a delicate one.

"I have never liked him. He was Ruby's friend—and not mine. I only knew him very, very slightly."

Mrs. Wakeland gave a sigh of relief.

"I'm glad of that. He's fascinating, when he tries to be, though you're evidently been too sensible to be enthralled. And, of course, he was ill at ease, the poor fellow, because he has to come. I was young when I first met him. I believed in him implicitly, for he can be, oh, so plausible and clever! And, of course, I had inherited money, and he wanted that, although he hid his aims and desires until after marriage. Then came the disillusionment!"

"You left him?"

Mrs. Wakeland nodded.

"After eight years of misery. Oh, I don't want to rake up the painful story, for it's been buried so long now. But my married life was utterly impossible. My husband squandered thousands and thousands of dollars belonging to me. He stole, too, and became mixed up with swindlers, and gamblers, and racing men, and kept low company. He would go off weeks at a time, and I wouldn't know where he was, or what he was doing."

"Then he'd return broke, with a 'hard-luck' tale, and get round me again (for love dies hard, and I was fond of him). He was neither faithful nor true, nor even kind, after the honeymoon was over. For a time he drank hard. He'd been drinking since."

Cynthia shivered. What a painful revelation all this was! And Ruby, who had been engaged to a steady, good fellow, like Alec Kerr, could cast him aside for a worthless rascal such as this man!

"George, I ought to say Quentin Gray, I suppose—is exactly like a moth, fluttering around every pretty candle that he sees," proceeded Mrs. Wakeland, in even tones. "Even before I left him, I saw fathers and indignant brothers and husbands used to come to me, threatening to horse-whip him for his goings-on. He's a born philanderer, but without a heart. Yearning for conquest is the only thing that spurs him on—or, rather, the only thing that keeps him going. He's literally the latter, if he thinks there's anything financial to be got out of a victim."

Again did Cynthia murmur something, though she was totally at a loss what to say.

Tomorrow—Ruby Repents.

## English Middleweight Has Got the Goods

BOSTON, Nov. 14.—Tommy Loughran, of Philadelphia, knocked Ted Moore, English middleweight, to the canvas for the count of two in the first round of a 10-round bout here tonight but was forced to the limit to maintain this advantage in the remaining rounds and to carry out the decision. Moore fought a strong offensive battle, staging a sensational comeback after he had weathered the first round.

## URGES AMITY WITH ASIATICS

PROF. F. M. CLEMENT ADVISES GROWERS TO CO-OPERATE

Says That Whites Cannot Fight Chinese Competition—Is An Economic Impossibility

"You cannot fight the Orientals in the potato growing industry and live. You have got to co-operate with them in any growers' association that you form," said Prof. F. M. Clement, dean of the faculty of agriculture of the University of British Columbia, yesterday afternoon, in answer to a question from a member of the audience that listened to his lecture on "Industrial Combination," delivered in connection with the Potato Show at the Chamber of Commerce.

Dean Clement had been asked, in view of the statement last night of Mr. R. G. L. Clarke, chief Dominion fruit inspector, that 75 per cent of the potato industry is controlled by Chinese, what he thought of the advisability of permitting the Oriental to join with whites in growers' associations.

You must meet the situation in a practical way," he said. "You have the Oriental with you and it is cheaper to co-operate with him than to compete with him, provided that he will grow potatoes that conform to the standards set for grades and quality.

Contributing to the discussion that followed, one delegate stated that the experience of the white growers at Ashcroft with the five or six Chinese leaders who control the industry there, had not been such as to inspire confidence in the Oriental's trustworthiness. Yet he advocated co-operation with the Chinese and placed the blame for the present situation on the shoulders of the white farmers, who, he said, "changed the position of the Chinaman from that of slave to that of master," by renting him their farms.

"Boll, Fertilizers and Rotations for Potatoes," was the subject of an address by Mr. P. A. Rivington, professor of Agronomy at the University of British Columbia.

Mr. R. G. Newton, superintendent of the Dominion Experimental Farm, Invermere, B.C., read an address on "Experimental Work With Potatoes."

## ROAST BUFFALO MEAT AT R.N.W.M.P. FETE

Veterans Will Celebrate Fifth Anniversary of Force at Dominion Hotel Thursday, Nov. 28

The inclusion on the menu of roast buffalo meat will be one of the features of the dinner to be held here on Thursday evening, November 28, by the Victoria branch of the Royal Northwest Mounted Police Veterans' Association. Arrangements for this function were completed last night at a meeting of the committee which is conducting the details. The gathering will take place on the night in question at the Dominion Hotel.

The banquet is being held to celebrate the fifth anniversary of the founding of the Royal Northwest Mounted Police. The function will be attended by over 100 past and present members of the force, and promises to be one of the most successful events ever held by the local R.N.W.M.P. veterans' body.

## COMING EVENTS

University Extension Lecture—The first lecture to be given under the auspices of the local University Extension, will be given at Victoria College this evening. The meeting will be held at 8:15. Dean Coleman is the lecturer, his subject being, "The New Psychology," and the lecture will be followed by discussion. All interested are invited to attend.

Community Concerts—At the community concert at the Armories on Sunday night, the Fifth Regiment orchestra, under the leadership of Bandmaster Albert Rumsby, will play the following programme: "Annabelle," fox trot; "Blindie Rungo," fox trot; "Are You Lonely?" fox trot; "Swingin' Down the Lane," fox trot; "Wow," fox trot; "Tell Me a Story," fox trot; "Love You," waltz; "Margaretta," waltz; "Sweet and Lowly," waltz; "Lullaby," waltz; "Somehow," waltz.

## FISCAL CRISIS AFFECTS CANADA

Continued from Page 1

Industrial operators across the line would be keen to take advantage of the preference. But while taking advantage of the preference in that manner, their efforts would come to Canada for investment, and the wage bills would be paid to Canadians instead of to workers in their own country. Mr. Meighen felt that the efforts of Canada's businessmen should be directed toward furthering the aims of Premier Baldwin.

Mr. Meighen also touched upon the Canadian National Railway, and he given favorable conditions for the future. There is a serious misunderstanding on the part of the public, he asserted, as to the real meaning of those deficits.

Future Railway Surplus Some persons seem to think that the railways are worth nothing, but, Mr. Meighen painted the picture of the time when all deficits would cease, when the surplus would be more than sufficient to meet even the interest charges, and when the railways would really be in the position of profit-earners on the big mortgage which the Canadian people hold on the assets of the National Railway.

## THIS FORD WILL HARDLY BE IN FLIVVER CLASS

CHICAGO, Nov. 15.—The most luxurious private car in America is being built in the Pullman car shops for Henry Ford, according to today's Chicago Tribune.

Tiled bathrooms, empty bedrooms, a drawing-room equipped with electrically-operated phonographs, as well as a broadcasting and receiving set and an electrical kitchen, are some of the features to be installed in the car, it is said.

A richly-appointed office and accommodations for secretaries and the car's complete service are included in the specifications, according to the report.

## FARMERS ASKING FOR LEGISLATION

Agreement Reached Among Different Organizations and Demands to Go to Legislative Committee

Yesterday the Farmers' Institute Board met with the representatives of the United Farmers in an endeavor to formulate a plan of united action in presenting the views of the farm community with respect to changes desired in legislation. The United Farmers were represented by Messrs. J. T. Copeman and E. W. Neel.

Dr. K. C. MacDonald, chairman of the agricultural committee, spent a considerable time with the delegates, and matters affecting taxation and school matters were gone into. Municipal and extra municipal matters and also matters respecting unorganized districts were given attention.

As a result of the conference between the Advisory Board and the representatives of the United Farmers, a conclusion was reached for united action in presenting their views to the legislative committee of the Legislature.

This will embrace the following:

- 1.—Reforms in assessment and taxation.
- 2.—Request for rural credit loans.
- 3.—Reduction in the freight rate on grain and forest products.
- 4.—Endorsement of the tax on gasoline with exemptions in cases where it is used for domestic and industrial purposes.
- 5.—Opposition to the tax of \$250 on motors.
- 6.—Request for Provincial savings bank.
- 7.—This request is not endorsed by the United Farmers, but it is being presented on behalf of the Farmers' Institutes alone.
- 8.—Request for immigration policy and with the improving of the conditions for the farmers already on the land.
- 9.—Request for a policy of rigid economy with the cutting off of all nonessentials.
- 10.—Representations on the school question. Under this the government will be asked to open up the whole of this question with the object of affording relief to the property owners, especially the large holders.

## CHURCHES PROMOTING MOVEMENT FOR PEACE

Local Branch of World Alliance Held Conference—Bishop du Vernet and Dr. Clay Speak

The era when war shall be no more may be a Utopian ideal, but the World Alliance for the Promoting of International Friendship Through the Churches is lending itself wholeheartedly to the advancement of the happy day, even though it belongs only to the distant future.

At their first annual banquet last night at the Metropolitan Methodist schoolroom, the local branch of the World Alliance for the Promoting of International Friendship Through the Churches held a conference. The Rev. William Stevenson, the corresponding secretary, Rev. A. K. McMillan, the recording secretary, and Dr. W. J. Bower, the local secretary, submitted brief reports of what had already been accomplished by the local organization since its foundation in January.

"We as a Christian nation shall conquer the hostile nation not by poison gas nor by force of arms, but by mobilizing the spiritual forces of the world," said Archbishop du Vernet. If the Christian people of the world could create a thought wave of peace and goodwill, then peace and goodwill would sweep round the world and influence the nations.

Dr. Clay assumed that the desire for peace was universal, although the motives underlying this desire were manifold, some wanting it for good, some for selfish and base motives. But they had failed, and it was because of that the World Alliance for the Promoting of Goodwill and Friendship Through the Churches was called into being. If the church failed, then civilization was truly lost, there was no other last resource.

"If the peace of the world is to be secured and preserved, it must be by going more deeply, by laying hold on the deepest and strongest and most permanent of man's instincts, those must be some way of getting into the inner recesses of the human heart, of laying hold of the motive that gives motive to every man's life—religion," Dr. Clay maintained.

Several resolutions came from the meeting, one that the annual gathering of the local branch of the World Alliance should be in Armistice Week; another that an endeavor be made to form similar organizations elsewhere in the province; that the committee should draw up some plan for interesting young people, particularly through the Sunday schools, in the movement. Thanks to Rev. Dr. Clay, Sir Richard Lake (the chairman), and the pastor and ladies of Metropolitan Methodist Church, concluded the proceedings.

Two hundred and twenty carloads of automobiles of Canadian and American manufacture were loaded on one vessel at Halifax, N.S., recently, and left for New Zealand.

### NANAIMO'S BOARD TALKS ON STEEL

Reiterates Endorsement of Coast Range Project—Other Questions of Day Are Discussed

NANAIMO, Nov. 14.—At the monthly meeting of the Board of the Nanaimo Steel Co., held on Sunday afternoon, the following report in connection with the proposal of the Coast Range Steel Co. for financing an iron and steel plant for British Columbia:

"Your committee, after giving the matter its most careful consideration on the facts at its disposal, sees no reason why the endorsement and pledges already given by this board should be withdrawn. The proposal, put in a nutshell, is that of the estimated capital requirement of \$15,000,000, \$11,000,000 will be forthcoming from Great Britain, and the remaining \$4,000,000 from this province. The fact that approximately three-fourths of the capital required is to be furnished from Great Britain, and in the main, by people who are exponents of the business, precludes any necessity for consideration by mere laymen of such questions as to the quantities or qualities of iron and steel in this province, or of the markets or other similar questions, which are peculiarly within the province of experts to decide. Your committee is of the opinion that it is reasonable to expect that the province should assist the proposal financially, as, apart from other considerations, a failure to do so would adversely to the world a deplorable lack of confidence in our own country. Furthermore, your committee considers it vitally necessary that the province should so assist. In order to show Eastern and American steel interests, which are already manifesting active opposition to the proposal, that the province as a whole is behind it.

"Your committee is of the opinion that no part of the capital should rank prior to this province's contribution, but can see no reason why a part of the balance, probably \$4,000,000, if necessary, should not rank on the same footing and with the same security.

"For these brief reasons, therefore, your committee feels that the board should reaffirm its attitude and notify our representative in the Provincial Legislature, the Hon. Wm. Sloan, and any others who may be concerned."

The committee's report was adopted, and the secretary instructed to forward copies of the same to Hon. John Oliver, Hon. Wm. Sloan and Hon. W. J. Bower.

The board endorsed the resolution drafted by Ald. Harrison in the City Council recently, seeking 'railway connection between Nanaimo and the C.N.R.'

The meeting heartily endorsed the stand taken by the Hon. Wm. Sloan in connection with his fight on fuel oil, and urged restriction of the use of fuel oil in this province where it entered into competition with coal.

### CHEMAINUS HAS ACTIVE HOLIDAY

Many Spend Thanksgiving Vacation at Up-Island Centre—Deer Hunting Reported

CHEMAINUS, Nov. 14.—Mr. Arthur Howe, of Victoria, who has been the guest of his parents, Mr. and Mrs. A. Howe, for a few days, shot a fine two-pronged buck which, when dressed, weighed 145 pounds.

Gift to Scoutmaster Mr. C. D. B. Ross, scoutmaster, who several weeks ago sent in his resignation to the committee, was on Sunday presented with a gold watch badge by the scout association and the scouts in appreciation of his work among the boys.

Child Baptized On Sunday morning, in the Church of St. Michael's and All Angels, the infant daughter of Mr. and Mrs. Harry Hisslip was baptized, receiving the name of Doris Marian. The sponsors were Mr. W. Douglas and Miss Doris Lawson, Vancouver.

Lumberman on Visit Mr. Thomas Humbird, president of the Victoria Lumber & Manufacturing Co., is the guest of Mr. and Mrs. E. J. Palmer.

Vancouver Visitors Week-end and Thanksgiving visitors to Vancouver were Messrs. Gilbert Road, Duncan McKinnon and Olaf Roe.

Home for Holiday Miss Marguerite Dyke spent the week-end and Thanksgiving with her parents at Crofton.

Back From Victoria Mrs. Griesbach, who spent a few days in the capital last week, has returned home.

Holiday Guest Miss Mildred Robertson, of Vancouver, was the holiday guest of Mr. and Mrs. J. C. MacDonald.

From Vancouver Mr. and Mrs. J. D. Long, of Vancouver, have been the guests of Mr. and Mrs. Gunner Jacobson.

Home on Holiday Miss Maryjorie Gilroy, who is attending school at St. Ann's Convent, Victoria, was home for Thanksgiving.

Goes to Duncan Miss Norah Dwyer spent the week-end and Thanksgiving with her parents, Mr. and Mrs. W. Dwyer, Duncan.

Students Return Miss Elsie Jacobson and her brother Leroy, who are attending High School in Vancouver, spent the holiday with their parents, Mr. and Mrs. G. Jacobson.

Visits Parents Mr. Gordon Smith, of New Westminster, is the guest of his parents, Mr. and Mrs. Irving P. Smith.

With Majestic Friends Miss Vera Bonnell is visiting friends in Vancouver.

Goes Home Again Miss K. Roney, who was the guest of Mr. and Mrs. W. B. Trenholm, for a week, has returned home to Vancouver.

NANAIMO MEETING NANAIMO, Nov. 15.—A political meeting was held last evening at St. John Ambulance Hall, the speakers being Major-General McRae, C.B.; Col. Dr. McIntosh, ex-M.P.P., and Mr. J. Nixon. The speakers were given an attentive hearing and answered several questions. The audience was impressed with the address, and showed their appreciation by hearty

## NATION LEARNS OF TARIFF PLANS

Continued from Page 1

Lloyd George replied briefly, criticizing the Government's policy in calling a general election. He maintained that a settlement in Europe would be a better remedy for unemployment than tariffs, and regretted that the Government had dropped negotiations just when the United States had joined with England in them.

The Labor members heckled both speakers, wanting to know particularly what Lloyd George had done for unemployment when he was in power. The debate was started by J. Ramsay MacDonald, leader of the Opposition, who offered a vote of censure of the Government. He said that more than a third of the unemployed were engaged in the industrial states, and that the amount of \$19,000,000 and exported to the amount of \$14,000,000. Tariff reform in such conditions offered no help for the unemployed, and that agriculture with \$11,000,000 annually, he asserted, was of doubtful legality.

Session Time Affair Altogether, today's session was a tame affair, contrasting sharply with historic days when other Premiers have had to expound policies of vital importance to the nation's destiny.

Premier Baldwin, in his speech, declared that he doubted if there was a tariff in any country which had not been raised. Even India, which had been given economic liberty, had raised the tariff against Great Britain. Under present conditions the British Government had no power to get even preference with India without bargaining for it; in fact, the power of bargaining was an essential instrument, and the necessary equipment of the modern industrial state. Without it, for the purpose of bargaining, one might as well attempt to fight modern artillery with bows and arrows.

Mr. Lloyd George, answering Mr. Baldwin, said that the Premier's policy was ill-considered, precipitate and foolish.

A Labor member shouted: "It has brought Liberal unity."

Mr. Lloyd George flashed back: "That will go down in history as the solitary achievement of the Government."

Continuing, Lloyd George said: "I am amazed that the Premier should choose this of all moments for distracting the attention of the country and diverting the attention of the Government from the settlement of Europe. An event had happened that was one of the most hopeful since the Armistice. The United States had for the first time declared her intention to bear on our Allies in Europe; relations had been established between our Government and the United States with a view of bringing pressure to bear on our Allies in Europe to effect a settlement."

"It is a great and momentous fact that negotiations were being made. There were difficulties with one of the Allies, but all the others had agreed, and just then, before there was an issue, and while negotiations were going on, the Premier had to raise a new issue, which has divided the nation and has even divided his own cabinet."

## At the Playhouses

**CAPITOL** One of the finest screen dramas of the current picture season is said to be George Melford's Paramount production of "The Light That Failed," based on Rudyard Kipling's celebrated story, which is now showing at the Capitol Theatre. Jacqueline Logan, Percy Marmont, Sigrid Holmquist and David Torrence are featured.

**COLUMBIA** "The Man From Lost River," the feature presentation at the Columbia Theatre this week, pictures the trials of a powerful, patient lumber camp foreman in "standing by" the girl he loves while a weak nephew of a millionaire marries her, neglects her and eventually proves his utter unworthiness. An act of Providence strips all the characters in the play to their fundamental fitness or baseness, at the same time that wickedness receives its just reward. House Peters gives an exceptionally fine performance of the strong lumber camp foreman. Frital Brunette is the girl who cannot see where her true love lives and Allan Forrest is a polished cultivated weakling.

**DOMINION** The cast for Thomas Meighan's new picture, "Woman Proof," now showing at the Dominion Theatre, includes Lila Lee, John Sainpola, Louise Dresser, Robert Agnew, Mary Astor, Edgar Norton, Charles A. Sellon, George O'Brien, Vera Reynolds, Hardee Kirkland, Martha Madsen and "Bill" Gonder. Many of the exterior scenes were made in Pasadena, Cal., and others along the New York waterfront. George Ade wrote the story for Mr. Meighan and Tom Geraghty prepared the scenario. It was directed by Alfred E. Green. Mr. Meighan has the role of a young civil engineer who is too busy directing a big enterprise to think of marriage. Lila Lee's role stipulates that all of his four children must marry, and the complications of the plot revolve about the attempt of his brother and sisters to make him fall in love.

**ROYAL** The degree to which THEATRE soldiers of the Spanish crown were taught to hate Cuban patriots, in the black days before that country's emancipation from tyrannical oppression, is vividly illustrated on the screen this week at the Royal Theatre in the John S. Robertson picture version of Joseph Herkesheimer's "The Bright Shawl," in which Richard Barthelmess and Dorothy Gish play the roles of a Cuban patriot, who died from a fever, is smuggled out of his home under cover of darkness after the face has been disfigured by his own relatives that he might not be recognized. Had it been learned that he had been harbored in the home, all members of the family would have been summarily executed, for there was a price on his head. At the river bank the burial party is interrupted by a Spanish sentry with fixed bayonet. When the father explains that he has killed an insolent servant the sentry grins, jabs his bayonet into the huddled figure and passes on, shrugging his shoulders.

## MACY AND BAIRD ARE BACK WITH NEW VEHICLE

The Macy and Baird comedians make their weekly reappearance at Pantages Theatre tonight and tomorrow afternoon and night, in a specially written version of the drama, "Lena Rivers," taken from the well-known novel of the same name, and the simple announcement should be prominent in the usual full house. It may be said that "Lena Rivers" has been true of each of the towns visited by this company every season, and while the players are acknowledged to be most competent and always "there" with a snappy performance, it is really the judgment used in the selection of plays that the company attributes its success. No play that has not been a winner has any place in the Macy-Baird repertoire, and the players, lots of excitement, thrilling situations and peppy climaxes, with the comedy predominating at all times—that is the prescription for a Macy-Baird play, and the thousands that have already seen them here will testify that it is a good one. "Lena Rivers" is one of their best and will undoubtedly crowd the house at all performances tonight and tomorrow.

## POLA NEGRI WEARS GORGEOUS GOWNS IN NEW PICTURE

The old Spanish gown worn by Pola Negri in her latest Paramount star picture, "The Spanish Dancer," which will be on view at the Dominion Theatre next Monday, constitutes a veritable fashion display, which will enthrall almost every woman screen fan. Some of the costumes worn by the famous star in the scenes taken in the gypsy camp show the strong influence which the Moorish invasion exercised over Spanish life even after it had been repulsed. Later in the story, when Pola Negri, as

## Live Glossy Hair

Follows use of Cuticura Soap and Ointment. On retreating rub Cuticura Ointment into the scalp, especially spots of dandruff and itching. Next morning shampoo with Cuticura Soap and hot water.

## AMUSEMENTS

**The Screen** Capitol—"The Light That Failed," starring Jacqueline Logan.

**Columbia**—Dempsey-Firpo Fight Pictures.

**Domination**—Thomas Meighan and Lila Lee in "Woman Proof."

**Real-Richard Barthelmess and Dorothy Gish in "The Bright Shawl."**

**The Stage** Pantages—"Lena Rivers."

**Playhouse**—"Grumpy."

**Maritana**, the gypsy girl, becomes the wife of Don Cesar, she wears a circus, which for sheer beauty have probably never been equalled by the gowns of any other period in history.

Kathryn Williams, who plays the role of Isabella, Queen of Spain, in the plays gowns designed from those shown in the hundreds of odd pictures which Velasquez painted of that famous queen. A number of ladies in waiting also appear in the picture, seven different gowns were designed for each. In "The Spanish Dancer" Antonio Moreno is featured. Heading a strong cast are Wallace Berry as King Philip, Gareth Hughes an armorer's assistant, Adolphe Menjou, a powerful minister in the Spanish court; Edward Kipling, Robert Brower and many others.

## JACKIE COOGAN STARTS CIRCUS ALL BY HIMSELF

Ever hear of a boy who didn't like to go to the circus?

Well, whether you did or not, and we don't think you did, Toby Tyler wasn't that kind of a boy.

He'd walk ten miles in his bare feet, if necessary, to get to the first circus that came along.

Imagine, then, Toby's disappointment when "the greatest show on earth" came to the town and his mean old Uncle Eben refused to even let him earn the money to go.

Toby, however, immediately got up a circus of his own. This resulted in disaster and disgrace for him, but rather than submit to a whipping, Toby ran away from the farm and joined the circus as a peanut and lemonade merchant.

Jackie Coogan plays the stellar role of Toby Tyler in his new First National picture, "Circus Days," which begins an engagement of six days at the Royal Theatre on Monday next.

Toby, however, doesn't stop at the peanut selling stage. He goes right on up the ladder of fame, becoming the star clown of the circus.

"Circus Days" is said to be the best Jackie Coogan picture yet turned out.

## "GRUMPY" TONIGHT AT THE PLAYHOUSE

Tonight, Playhouse patrons will have an opportunity of seeing Mr. Compton in a character which has scored one of his biggest successes. The play is one of the most amusing and interesting productions of late years. "Grumpy" himself, one of the most absorbing characterizations, Mr. Compton will receive the strongest support from his company, notably from Miss Peggy Dundas, as Virginia; Mr. Herbert Lee, as Rud; Miss Agnes Burton, as Susan; Mr. George Durham, as Jarvis; and Mr. Bruce Bredin, as Ernest Heron.

"Grumpy" will be repeated on Saturday night and Saturday matinee, and as Mr. Compton and his company are leaving the Playhouse at the end of the season, exceptionally heavy bookings have been experienced, and it is advisable to book early.

## COMING OF GREAT ORGANIST CAUSES MUCH COMMENT

The coming of Marcel Dupre to the city, whom Parisians consider the greatest organist of the present day, is creating considerable interest in musical circles. The city has had two visits from Joseph Bonnet and one from Marcel Dupre. On each occasion these great organists were received by large audiences and much enthusiasm, and there is no doubt that at the recital to be given next Sunday evening after church hours at St. Andrew's Cathedral (Catholic), Mr. Dupre will play to a large audience.

## CANADIAN WHEAT EXPORTS INCREASE

Total Shipments for the Past Month Largely Exceed Amount for Same Month in 1922.

OTTAWA, Nov. 14.—Exports of wheat from Canada to the United States showed a big increase in October over those of October a year ago, whereas exports of wheat to Great Britain showed a marked decline. For the first two months of the present grain season—September and October—total exports of Canadian wheat were considerably less than during the same period last year, while exports of flour showed a slight increase. Wheat exported in October amounted to 29,970,547 bushels as against 27,592,974 bushels in October, 1922. The United States purchased 2,119,982 bushels of Canadian wheat last month as against 1,716,620 bushels in October of last year.

Exports of wheat to the United Kingdom last month were 39,582,283 bushels as against 30,760,132 bushels in October, 1922. Of last month's exports, over 60 per cent, or 23,910,000 bushels, went via the United States.

Total wheat exports for September and October were 34,370,974 bushels as against 48,228,535 bushels during the similar two months in 1922. Exports to the United States, however, increased from 2,831,053 bushels to 2,119,982 bushels.

Exports of Canadian wheat from last month were 1,153,274 barrels, as against 855,232 barrels in October, 1922.

## LOCAL MAN MAY YET GET SHARE

MORE LITIGATION LIKELY OVER MONTREAL ESTATE

Mr. Philippe P. Duchesnay, of Victoria, one of heirs of late Hon. Charles Wilson

Mr. Philippe P. Duchesnay, of Victoria, may yet share in the million and a half dollar estate left by the Hon. Charles Wilson, former mayor of Montreal, who died in 1877, according to advice received by The Colonist last night from Montreal.

The estate consists of property, and there are several heirs, including Mr. Duchesnay, who took legal action to have it sold and divided so that each of the heirs might benefit during lifetime.

The Supreme Court of King's Bench of the Province of Quebec ordered the partition of the estate among the heirs of the brother and niece of the testator, but the late Sir Alexander Lacoste and other executors of the will appealed to the Privy Council, whose judgment reverses the decision of the Canadian courts. This, however, will not be an end of the famous law suit, which has been before the courts of the Province since 1921.

The Colonist correspondent was informed last night by one of those interested in the estate that a meeting of heirs would be called at an early date with a view to discussing the desirability of taking other proceedings to secure the heirs a division of the estate which the Privy Council has refused. While, of course, there is no appeal from the decision of the Judicial Committee of the Privy Council, which consisted of Viscount Haldane, Lord Sumner and Mr. Justice Duff, there are, it is legal opinion, grounds which may be taken that will secure the object desired, and if counsel for the heirs approve proposals likely to be made to them in a few days, the estate may again be the subject of legal proceedings.

## POPULAR METHODIST PASTOR IS STAYING

Rev. Dr. W. J. Sipprell Accepts Invitation of Metropolitan Church to Remain Fifth Year

The congregation of the Metropolitan Methodist Church has given unusual testimony to the popularity of their pastor by waiving the established precedent of the four-year term which is customary and inviting their pastor to remain with them for a fifth year. It is apparently a mutually popular move, as despite very flattering invitations which he has received from other parts of Canada, Dr. Sipprell has accepted, and will continue in his present charge until the Spring of 1925.

Rev. Dr. W. J. Sipprell has had considerable experience in the Methodist Church in this West, having been pastor at Mount Pleasant Church, Vancouver, for seven years just before he came to Victoria. Before that he held the office of president of Columbia College, New Westminster. When he accepted the call from the Metropolitan Church it was for one year only, continuance of his incumbency being conditional, at his own request, on whether the congregation liked him sufficiently to press him to remain.

Recently Dr. Sipprell has had invitations from two churches to transfer to Toronto, and at the meeting of the Metropolitan Board on Tuesday evening it was stated that he had been asked by the Mission Board to take the office of missionary superintendent for the Province of Ontario, a position which he declined owing to the heaviness of his pastoral duties.

## CYMRORORIONS MEET

Welsh Society Opened Winter's Program Last Evening With Good Attendance

The Welsh Society is beginning its Winter well, and the Foresters' Hall was filled on Wednesday evening, when Mr. Vaughan Jones, the vice-president, took the chair and called the proceedings to order. There was a good representation of the society's talent in the programme, which included a splendidly spirited singing of the Welsh National Anthem by the entire gathering. This was followed by one of the most rousing things in the concert. Considerable amusement was caused by an impromptu speech competition, Mr. Hollins winning the men's prize and Mrs. R. Jones the ladies' prize. Another of the evening's specialties was the male quartette, directed by Mr. Maurice Thomas, which sang several much-appreciated selections. A juvenile quartette from Victoria West sang in Welsh and English in a way which promised well for the future of this youthful organization.

Others who took part in the programme were as follows:

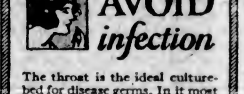

Humorous recitations, Mrs. Hollins, Miss Williams, Bob Thomas and H. Hollins; vocal solos, Miss Neville, Mr. W. V. Jones; pianoforte solos, Miss Bird and Mrs. Anderson.

The ladies' committee, led by Mrs. McEneaney and Mrs. Jones, served refreshments at the close of the evening.

## AVOID infection

The throat is the ideal culture-bed for disease germs. In it most of the most dangerous bacteria protect you against disease by destroying germs in these susceptible tissues. It is the most scientific form of throat prophylaxis. Get a bottle from your druggist today, and protect yourself against infection.

To avoid infection, dissolve a Formentin tablet in the mouth every one or two hours

Former Duke of Cumberland

VIENNA, Nov. 14.—The former Duke of Cumberland has suffered a stroke of apoplexy on his estate near Timundun, Upper Austria. His condition is serious. Ernest August Wilhelm, Duke of Brunswick-Luneburg, was Duke of Cumberland in the British peerage until 1919, when he was deprived of his title by the British Parliament. He was born in

Hanover, Germany, in 1848. His father was the King of Hanover.

Former Official Rescued

HALIFAX, Nov. 13.—Thomas M. Hayes, former secretary of the Halifax Housing Commission, was sentenced yesterday to twenty-three months in jail for theft of civic funds.

# The Colonist's Pictorial Page

Jack Dempsey is pursuing "a policy of inactivity." Bored at the death of aspirants to his crown, he basks in the warm sands of a California beach, gathering strength for stormier days to come.

The Toronto Argonaut "eleven" is seen going through for a big gain against the Third Army Corps at the Yankee Stadium recently. The Americans say: "The Canadians lost 55 to 7," but if the game had been Canadian rugby the score undoubtedly would have been reversed.

The photograph shows the King of Rumania and the Duchess of York admiring the infant Crown Prince Peter of Serbia, who is seen in the arms of his grandmother, the Queen of Rumania, after his christening at Belgrade.

A dress of chiffon velvet, trimmed with black net embroidered in white silk, is a suggestion for winter wear. The white tunic work gives the skirt the apron tunic effect.

A fortune for a dime? Ten thousand German marks for ten cents or thirty thousand for a quarter is the way the street merchant on this continent is selling the money of Germany. The only thing sure about the currency is that it is thief-proof.

This duck is so docile that it treats the wearing of an overcoat with indifference. One of the students of a poultry school in England is seen with "Arabella," her white runner duck, and "Ann," a Sussex hen.

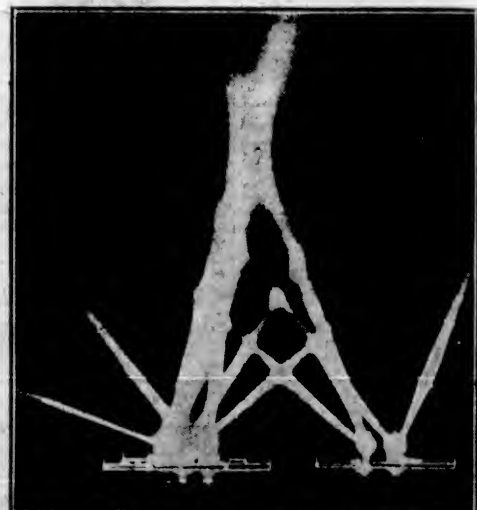

Most show girls are nothing if not up to date. These breakers of footlights amuse themselves before the curtain call and between the acts by listening in on the radio. If they hear anything new they transmit it to the audience.

Serious riots recently took place in Hamburg, Germany, where for two days the communists terrorized the city. Police are shown marching some of the disturbers to the police station, the prisoners being forced to hold their hands behind their heads.

The famous Polish general, Joseph Haller, was welcomed at Los Angeles recently by one of the most famous citizens of his country on this continent, Pola Negri, the well-known film star.

Ships from stern to stern completely illuminated and a battery of powerful searchlights flashing through the sky, weaving patterns of light as they crossed and recrossed, culminated the Navy Day celebrations at Los Angeles harbor.

Mrs. Ollie Ward, the pride of Saranac Lake, totes a gun like a master, as this 243-pound buck can testify—or, rather could have testified. She has entered a contest for the largest buck killed in 1923.

Here is shown what is claimed to be the biggest book in the world. It is an atlas of the Netherlands of the 16th century in the library of the University of Rostock, Holland. Near it is said to be the smallest book, a handwriting "Brevier."

A new study of the Duchess of Sutherland, whose husband is secretary of the air ministry in the British cabinet. The duchess is deeply interested in her husband's career and has given him unlimited aid. She is a brilliant hostess and devotes much of her time to philanthropy.

## Men's Clothing and Furnishings—Remarkable Values

### Men's Whipcord Suits

In Popular Models and Favorite Shades

**Something Different for the Smart Dresser \$40.00**

In these distinctive Whipcord Suits you are offered what is readily recognized as exceptional value. The cloth is of that excellent nature that means long wear and continual smartness; the models are the choice of the season's best, possessing all the features that make for smartness, including long roll lapels with peak. They are form-fitting, and in French grey shade. Golden Value, \$40.00

### Serviceable Suits of Light and Dark Tweed, \$13.75

Our men's clothing service this year has been one of remarkable values, and these suits at such a low price will surely be persuasive to every man who has a wish for a serviceable business or working suit. They are made from strong tweeds, well finished and trimmed. There are light and dark tweeds, Irish blue serge and grey worsteds. The styles are fashionable, and sizes ranging from 36 to 44. Select now while the stock is complete.

—Men's Clothing, Main Floor

### Boys' Short Pants, Excellent Corduroy \$1.50

The pants offered at such a moderate price are made of English corduroy, well lined, have three pockets and belt loops. They are neatly finished and offered in sizes 23 to 32. At a pair \$1.50

—Boys' Clothing, Main Floor

### Men's Odd Tweed Pants Golden Value \$3.95

Odd Pants of strong tweeds, well tailored and trimmed. They are neat looking pants, and will give remarkable service. This is a chance to match an odd coat and vest at a low price \$3.95

—Men's Clothing, Main Floor

### MEN'S OVERCOATS

**A Big Golden Jubilee Value \$25.00**

Hundreds have been delighted with these big Overcoat values this Fall, and we have hundreds more for those who want quality and style at a very moderate price. Many of the Coats are new arrivals which should be marked considerably higher, but we are going to let them go at this popular price. They are made of superior grade coatings, and in styles that are favorites this season. This is your opportunity, and it is one worth while.

—Men's Clothing, Main Floor
